

EPSON®

FOR THE BEST IN PHOTO PRINTING, GET THE BIGGER PICTURE.

The bigger, better picture in professional photo printing once again comes to you from Epson. Our EPSON Stylus Photo 1200 ink jet printer delivers faster and more beautifully detailed photo prints than ever, giving you professional-looking portfolios, posters and panoramics up to an incredible 13" x 44" long.

So, whatever you do, don't blink. The EPSON Stylus Photo 1200 goes from zero to an 8" x 10" print of breathtaking 6-color, Photo Reproduction Quality (PRQ®) in two minutes.* Crisply accompanied by laser sharp black text, of course. And with the smallest ink droplet in its class—6 picoliters—and Epson's intuitive variable dot technology on the job, you'll get richly detailed results sooner than you've ever experienced.

We're talking about photo prints highlighted by virtually continuous tone and super smooth gradations. And Epson brings you high 1440 x 720 dpi resolution, award-winning Micro Piezo™ ink jet technology and a 6-color ink palette of quick drying inks.

Included, too, is the EPSON Digital PhotoLab™ Pro software suite featuring Adobe® Photoshop® 5.0 LE and valuable plug-ins—almost everything you need for expert photo editing, compositing, duplicating and reprinting.

It all comes with the EPSON Stylus Photo 1200, the speediest photo ink jet you can get, a unique printer that also adds the convenience of direct camera-to-printer printing with the EPSON PhotoPC® 750Z digital camera.

The bigger and better EPSON Stylus Photo 1200 ink jet printer. If you're really serious about photo printing, it's the hands-down winner.

EPSON Stylus® Photo 1200 Ink Jet Printer

FEATURES

BENEFITS

- **The best color performance** 1440 x 720 dpi, 6-color palette. Advanced Micro Piezo technology for sharper detail. AcuPhoto Halftoning for natural fleshtones, accurate colors and smooth gradations. Quick drying inks that won't bleed or smudge.
- **Ultra small ink droplets: 6 picoliters** Smallest droplet size in its class, for enhanced detail, smoother gradations and virtually continuous tone. Variable dot technology.
- **Fast color photo printing** Prints 4" x 6" photos in one minute and 8" x 10" photos in two minutes.*
- **Windows, Macintosh and iMac compatible** Top performance on all platforms including Windows® 98, Windows® 95, Windows® NT and Macintosh®, with built-in parallel, serial and USB ports.
- **Direct camera-to-printer printing** Easy and convenient when teamed with the EPSON PhotoPC 750Z.
- **EPSON Digital PhotoLab Pro software suite (An extra value worth \$200!)** Bonus software included for expert photo editing, compositing, duplicating and reprinting images. Features Adobe PhotoShop 5.0 LE (with the option to upgrade to the full version for just \$299), Vivid Details™ Test Strip® 2.0 and Genuine Fractals™ 2.0 LE trial version.
