EX6220 WXGA 3LCD Projector

The widescreen business projector with proven performance.

3x Brighter Colors', and reliable performance — 3LCD, 3-chip technology

One measurement of brightness is not enough — look for both high color brightness and high white brightness. The EX6220 has:
  Color Brightness — 3000 lumens²
  White Brightness — 3000 lumens²

Larger-than-life, widescreen images — high-definition WXGA (1280 x 800) resolution and 16:10 aspect ratio; ideal for HD content

Wireless connection to your laptop and mobile device — connect directly to your computer, smartphone or tablet, without wires (wireless LAN module not included)

Audio/video with just one cable — all-digital HDMI™ connection

Simple Setup Suite — Epson offers a host of innovative features that ensure flexible placement and quick setup in any room
EX6220 WXGA 3LCD Projector

The widescreen business projector with proven performance.
The EX6220 delivers compelling, larger-than-life presentations. Offering 3x Brighter Colors¹ than competitive models, Epson® 3LCD projectors ensure bright, vivid images. With 3000 lumens of color brightness and 3000 lumens of white brightness², this WXGA performer also features the ultimate in widescreen HD performance. And, thanks to HDMI connectivity, it delivers digital video and audio with just one cable. Plus, Epson’s Simple Setup Suite enables flexible positioning and rapid setup in most any venue. It’s the perfect solution for professionals like you whose presentations demand proven performance.

3x Brighter Colors with Epson¹
Brilliant image quality requires high color brightness (color light output), and Epson 3LCD projectors have 3x Brighter Colors than leading competitive projectors¹. One brightness measurement (lumens) is not enough. A projector’s specification needs to show both high color brightness and high white brightness. If color brightness is lower than white brightness, images may be dark, dull and lose detail. If not provided, be sure to ask for a projector’s color brightness specification.

3LCD — The #1 projection technology in the world
- All 3LCD projectors have both high color brightness and high white brightness
- All 3LCD projectors have 3 chips
- 25% lower power consumption for lower energy costs³
- 20 years of road-tested reliability

Energy-efficient long-life lamp
- Delivers more lumens per watt and lasts up to 6000 hours⁵
- Epson lamps maximize your presentation time, while minimizing your costs

Wireless connection (wireless LAN module not included)
Convenient wireless features built in:
- Connect wirelessly to a computer or laptop (direct peer-to-peer connection)
- Connect wirelessly to a network
- Make a presentation or monitor/control your projector over the wireless network

The best-selling projectors in the world.
Built with image quality and reliability in mind, Epson projectors enhance communication and inspire collaboration, while offering a low total cost of ownership. From ultra portable projectors designed for educational settings to boardroom-ready business projectors, Epson has a model that’s perfect for you.
Additional Features/Benefits

- **PC-free slideshows** — via a USB thumb drive
- **The ultimate in portability** — compact, lightweight design; carrying case included for easy transfer to and from the office
- **Filters to protect your investment** — with easy side access for hassle-free maintenance
- **Remote control and batteries included** — for easy access to multiple functions

The more the pixels, the better the image quality

Resolution defines the level of detail and depth you’ll see in a projected image. It’s measured as the number of pixels wide by the number of pixels high.
