1 Unpack

Remove all protective materials from the product.

---

2 Fill ink tanks

Notes:
- This product requires careful handling of ink. Wear disposable gloves and place a sheet of paper or plastic under the ink tank when you fill or refill the ink tanks, as ink may splatter. If ink spills, wipe it off immediately with a damp towel to avoid permanent stains. If ink gets on your clothes or belongings, it may not come off.
- Keep the ink bottles out of the reach of children and do not drink the ink.

1 Open the ink tank unit cover, then remove the cap for the black ink tank and attach it to its holder.

2 Unpack the black Initial ink bottle.

3 Snap the bottle tip off, then remove the bottle cap. Carefully remove the protective seal (avoid touching the ink underneath the seal), then close the bottle cap tightly.

4 Fill the tank using all of the ink in the bottle.

5 Carefully seal the bottle using the reverse side of the bottle tip for proper disposal.

6 Close the ink tank securely.

7 Repeat the previous steps for the other three Initial ink bottles.

Caution: Be sure to close the bottle cap tightly, or ink may leak.

8 Close the ink tank unit cover.

---

3 Load paper

1 Make sure the product is not charging, and then pull out the paper cassette.

2 Slide the side edge guides all the way out and set the front edge guide to the paper size you are using.

3 Insert paper with the glossy or printable side down.

---

11 Press and hold the OK button for 3 seconds when the message to see the setup manual appears on the LCD screen.

12 Press one of the Start buttons to start charging the ink. Ink charging takes approximately 20 minutes. Ink charging is complete when the power light stops flashing.

Notes: After some ink is used for charging, the rest is available for printing.

Caution: Do not turn off the product, raise the scanner unit, or load paper while the product is charging or you’ll waste ink.
**Unpack**

1. Remove all protective materials from the product.

2. Lift up the scanner unit and remove all protective materials from inside the product.

**Caution:** Do not touch the translucent part or ink tubes.

**Fill ink tanks**

**Notes:**
- This product requires careful handling of ink. Wear disposable gloves and place a sheet of paper or plastic under the ink tank when you fill or refill the ink tanks, as ink may splatter. If ink spills, wipe it off immediately with a damp towel to avoid permanent stains. If ink gets on your clothes or belongings, it may not come off.

1. Open the ink tank unit cover, then remove the cap for the black ink tank and attach it to its holder.

2. Unpack the black initial ink bottle.

3. Snap the bottle tip off, then remove the bottle cap. Carefully remove the protective seal (avoid touching the ink underneath the seal), then close the bottle cap tightly.

4. Fill the tank using all of the ink in the bottle.

5. Carefully seal the bottle using the reverse side of the bottle tip for proper disposal.

6. Close the ink tank securely.

7. Repeat the previous steps for the other three initial ink bottles.

**Caution:** Be sure to close the bottle cap tightly, or ink may leak.

8. Close the ink tank unit cover.

**Load paper**

1. Make sure the product is not charging, and then pull out the paper cassette.

2. Slide the side edge guides all the way out and set the front edge guide to the paper size you are using.

3. Insert paper with the glossy or printable side down.

**Caution:** Do not connect to your computer yet.

**Note:**
- You can change these settings later using the product’s control panel. For more information, see the online User’s Guide.
- If an error message appears, turn off the product and check that no protective material has been left inside the product.

**Caution:** Be sure to fill each tank with the correct color.
4. When you see the Select Your Connection screen, select one of the following:
   - **Wireless connection**
     In most cases, the software installer automatically attempts to set up your wireless connection. If setup is unsuccessful, you may need to enter your network name (SSID) and password.
   - **Direct USB connection**
     Make sure you have a USB cable (not included).
   - **Wired network connection**
     Make sure you have an Ethernet cable (not included).

4. **Mobile printing**
   Connect wirelessly from your smartphone, tablet, or computer. Print documents and photos from across the room or around the world:
   - Print directly from your iPhone, iPad, or iPod touch. Simply connect your printer and device to the same network and tap the action icon to print.
   - Use Epson Print Enabler (free from Google Play™) with Android™ devices (v4.4 or later). Then connect your printer and device to the same network and tap the menu icon to print.
   - Print remotely with Epson Connect™ and Google Cloud Print™. See your online User’s Guide for instructions or learn more at www.epsonconnect.com.

Any problems?

Network setup was unsuccessful.
- Make sure you select the right network name (SSID).
- Restart your router (turn it off and then on), then try to connect to it again.
- The printer can only connect to a network that supports 2.4 GHz connections. If your router offers both 2.4 GHz and 5 GHz connections, make sure the 2.4 GHz network is enabled.
- If you see a firewall alert message, click Unblock or Allow to let setup continue.
- If your network has security enabled, make sure you enter your network password (WEP key or WPA passphrase) correctly. Be sure to enter your password in the correct case. Press a button on the keypad repeatedly to scroll through characters (abc, ABC, or 123).

There are lines or incorrect colors in my printouts.
Run a nozzle check to see if any of the print head nozzles are clogged. Then clean the print head, if necessary. See the online User’s Guide for more information.

The product’s screen is dark.
Make sure your product is turned on, and press any button to wake it from sleep mode.

Setup is unable to find my product after connecting it with a USB cable.
Make sure your product is on and securely connected as shown:
