BrightLink® 697Ui Wireless Full HD 3LCD Ultra Short-throw Interactive Display

The bright, Full HD ultra short-throw interactive display for classrooms.

- **Amazingly bright display** — 4,400 lumens color/white brightness\(^1\)
- **Full HD WUXGA display up to 100”** — supersize display for clear legibility and visibility from anywhere in the room
- **Pen- and touch-based interactivity** — touch interactivity allows up to six users to draw, share and collaborate at once using familiar gestures
- **Encrypted enterprise-level security** — for peace of mind; compatible with WPA, WPA2-PSK and WPA2-EAP security protocols
- **Wirelessly connect up to 50 devices** — simultaneously share and control content from up to four screens at once using Moderator software\(^2\), including Chromebook\(^\text{TM}\), PC, Mac\(^\circ\), iOS\(^\circ\) and Android\(^\text{TM}\) devices
- **Easy content sharing** — share images between the big screen and wirelessly connected mobile devices, for individualized learning\(^3\)
- **Whiteboard sharing** — remote collaboration allows others to see and write to the whiteboard, even when they’re not in the room
- **Wall-mounted control panel** — for easy projector control at your fingertips with access to On/Off, Source selection and PC-free whiteboarding

Includes 1-year subscription and support for SMART Learning Suite — SMART Notebook\(^\circ\), SMART amp\(^\text{TM}\), SMART lab\(^\text{TM}\), SMART Learning Suite Online and more

**Bright**

- Color Brightness: 4,400 lumens\(^1\)
- White Brightness: 4,400 lumens\(^1\)

2 An interactive pen must be configured on a network, either through the Ethernet port on the projector (check model specifications for availability) or via a wireless connection. Check your owner’s manual to determine if your model supports wireless projection.3 Color brightness (color light output) and white brightness (white light output) will vary depending on usage conditions. Color light output measured in accordance with IDMS 15.4; white light output measured in accordance with ISO 21118. 2 Interchangeable pen feature is part of Epson’s My EasyMP MultiPoint software. 3 For wireless functionality, including via the Epson iProjection™ App, the projector must be configured on a network, either through the Ethernet port on the projector (check model specifications for availability) or via a wireless connection. Check your owner’s manual to determine if a wireless LAN module must be purchased separately to enable a wireless connection. Not all Epson projectors are able to be networked. The Epson iProjection App does not support all files and formats. See www.epson.com for details. 4 Lamp life will vary depending upon mode selected, environmental conditions and usage. Lamp brightness decreases over time. 5 For convenient and respectable recycling options, visit www.epson.com/recycle. 6 SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.
