Quick Setup

Before using the projector, make sure you read the safety instructions in the online User’s Guide.

Note: Your product may differ from the illustrations on this sheet, but the instructions are the same.

Connect the projector

Choose from the following connections. See the sections below or the online User’s Guide for details.

Video device

Connect multiple video devices and use the Source Search button on the projector or the remote control to switch between them.

Home Cinema 660/760HD

Connect one end of an HDMI cable to one of the projector's HDMI ports shown above and the other end to an HDMI port on your computer.

Note: If you are using an HDMI connection to the projector, you may need to reduce the projector speaker volume to zero (0), or make sure that the correct audio output is selected on your device.

Home Cinema 1060

Mobile media device (Home Cinema 1060)

Connect tablets, smartphones, and other devices that support the MHL™ standard to the HDMI2/MHL port.

Some devices may require an adapter or may not require an MHL cable. Not all features or functions may be supported. Check your device’s documentation for more information.

Computer

Connect one end of an HDMI cable to one of the projector's HDMI ports shown above and the other end to an HDMI port on your computer.

Note: For more information on connecting the projector to your computer or other devices (camera, USB flash drive, etc.), see the online User’s Guide.

Connect audio

Built-in speaker

The projector has a built-in speaker that can play audio from a video source (DVD player, streaming device, etc.) connected by an HDMI cable. If you do not use an HDMI connection, you must connect your device’s audio output to the projector’s audio input.

Home Cinema 660/760HD

External speakers

Connect your device’s audio output to your home theater receiver or powered speakers.

Note: The internal speaker is disabled when an external device is connected.

If you are using an HDMI connection to the projector, you may need to reduce the projector speaker volume to zero (0), or make sure that the correct audio output is selected on your device.

Home theater system

Mobile media device (Home Cinema 1060)

Connect tablets, smartphones, and other devices that support the MHL™ standard to the HDMI2/MHL port.

Some devices may require an adapter or may not require an MHL cable. Not all features or functions may be supported. Check your device’s documentation for more information.

Powered speakers

Turn on your equipment

1. Turn on your video source or computer.

2. Plug in the projector. The power light on the projector turns blue.

3. Open the AV Mute slide all the way.

4. Press the power button on the projector or remote control. The projector beeps, the Status light flashes blue, and then stays on.

Note: To shut down the projector, press the power button twice.

5. Use the arrow buttons on the remote control to highlight any options on the Home screen that appears, then press \text{Menu} to select it. You can switch between projection sources and quickly access various adjustment options from this screen.

6. The default language of the menu system is English. To select another language, press the Menu button on the projector or the remote control. Select \text{Extended} and press \text{Menu} to display the menu system.

Adjust the image

1. If you don’t see an image, press the Source Search button on the projector or the remote control to select the image source.

Note: If you still see a blank screen or have other display problems, see the tips in “Troubleshooting” on the back of this sheet.

2. To raise the image, press the foot release button and lift the front of the projector. Release the button to lock the foot in position.

3. Home Cinema 660: To reduce or enlarge the image, press the \text{T} (reduce) or \text{W} (enlarge) button on the projector.

Home Cinema 760HD/1060: To reduce or enlarge the image, turn the zoom ring.

Using the remote control

Install the batteries as shown (two AA batteries).
Quick Setup

Before using the projector, make sure you read the safety instructions in the online User's Guide.

Note: Your product may differ from the illustrations on this sheet, but the instructions are the same.

Connect the projector

Choose from the following connections. See the sections below or the online User's Guide for details.

Video device

Connect multiple video devices and use the Source Search button on the projector or the remote control to switch between them.

**Troubleshooting**

If you see a blank screen or the No signal message after turning on your computer or video device, check the following:

- Make sure the Status LED and the projector is blue and not flashing, and the AV Mute slide is open.
- Press the Source Search button on the projector or remote control to switch to the correct image source, if necessary.
- Press the Home button on the projector or remote control to verify the remote’s function, and check the batteries.
- On Windows® 7 or later, hold down the Windows key and press P at the same time, then click Duplicate.
- If you're using a Windows laptop, press the function key on your keyboard that lets you display on an external monitor. It may be labeled F8 or have an icon such as (F). You may have to hold down the F key while pressing it (such as Fn + F7). Wait a moment for the display to appear.
- If you’re using a Mac laptop, open System Preferences and select Displays. Click the Arrangement tab and select the Mirror Displays check box.

**Where to get help**

For more information about using the projector, click the icon on your desktop to access the online manual (requires an internet connection). If you don’t have a User’s Guide icon, you can install it from the projector CD or go to the Epson website, as described below.

**Telephone support services**

To use the Epson PrivateLine® Support service, call (800) 637-7661. This service is available for the duration of your warranty period. You may also speak with a support specialist by calling (562) 276-4394 (U.S.) or (905) 709-3839 (Canada). Support hours are 6 a.m. to 8 p.m., Pacific Time, Monday through Friday, and 7 a.m. to 4 p.m., Pacific Time, Saturday. Days and hours of support are subject to change without notice. Toll or long distance charges may apply.

**Internet support**

www.epson.com/support (U.S.) or www.epson.ca (Canada) for solutions to common problems. You can download utilities and documentation, get FAQs and troubleshooting advice, or e-mail Epson.

**Registration**

Register today to get product updates and exclusive offers. You can use the CD included with your projector or register online at www.epson.com/webreg.

**Optional accessories**

For a list of optional accessories, see the online User’s Guide. You can purchase screens or other accessories from an Epson authorized User’s Guide.

**Notice**

**Declarations of Conformity**

According to 47CFR, Part 15 and 15, Class B Personal Computers and Peripherals; and/or CPU Power Supplies, this digital device meets the technical conditions for received equipment (R&TTE) as defined in DOC (1999) 952/14419. The equipment is intended to be used in an uncontrolled environment and meet the FCC radio frequency (RF) Exposure Guidelines. This equipment is intended to be used in an uncontrolled environment and meet the FCC radio frequency (RF) Exposure Guidelines. This product is Hearing Aid Compatible, when the Telecoil is enabled. The Telecoil may be enabled through the manufacturer's Control Center in the control panel of the product. Do not remove this part if the Telecoil is enabled. Refer to the manufacturer's documentation for instructions.

**Epson America, Inc. Limited Warranty**

Two-Year Projector Limited Warranty and 90-Day Lamp Limited Warranty

What’s Covered: Epson America, Inc. ("Epson") warrants to the original retail purchaser of the Epson projector enclosed with this limited warranty statement that the product, if purchased new and operated in the United States, Canada, or Puerto Rico will be free from defects in workmanship and materials for a period of two years from the date of original purchase. This limited warranty applies only to the projector and not to the projector lamp, which carries a limited warranty period of ninety days from the date of original purchase. For warranty service, you may be required to provide proof of the date of original purchase. What Epson Will Do To Correct Problems: If your product requires service during the limited warranty period, please call Customer Care Center nearest you, or call (800) 652-3303 in the U.S. or www.epson.com/support in Canada. We will send a service order for you to return your Epson product to an Epson authorized service center to be repaired and sent back to you. If Epson determines that the product cannot be repaired and sent back to you, Epson will exchange the product. If you have purchased optional accessories or consumables from an Epson authorized service center, each will be repaired and sent back to you, or we will exchange them for new or factory-reconditioned ones. Epson will not exchange any part that is the subject of a recall by the manufacturer for replacement. If Epson determines that the projector cannot be repaired and sent back to you, Epson will exchange the projector. If your Epson product requires service during the limited warranty period, please call Customer Care Center nearest you, or call (800) 652-3303 in the U.S. or www.epson.com/support in Canada. We will send a service order for you to return your Epson product to an Epson authorized service center to be repaired and sent back to you. If Epson determines that the product cannot be repaired and sent back to you, Epson will exchange the product. If you have purchased optional accessories or consumables from an Epson authorized service center, each will be repaired and sent back to you, or we will exchange them for new or factory-reconditioned ones. Epson will not exchange any part that is the subject of a recall by the manufacturer for replacement. If Epson determines that the projector cannot be repaired and sent back to you, Epson will exchange the projector. If Epson determines that the projector cannot be repaired and sent back to you, Epson will exchange the projector.

The Epson product may be repaired with new or factory-reconditioned replacement parts or products. Any repaired or replacement Epson product will be warranted for the remaining period of the original warranty or for sixty days, whichever is longer. This limited warranty covers repairs or replacements for only the Epson product and does not cover the removal or reinstallation of the Epson product.

**Other Rights You May Have**

This warranty gives you specific legal rights, and you may have other rights which vary from jurisdiction to jurisdiction. Some jurisdictions do not allow limitations on how long an implied warranty lasts, or allows the exclusion of incidental or consequential damages, so the above limitations or exclusions may not apply to you. In Canada, warranties include both warranties and conditions. To find the Epson Authorized Reseller nearest you, please visit www.epson.com in the U.S. or www.epson.ca in Canada. To find the Epson Customer Care Center nearest you, please visit www.epson.com/support in the U.S. or www.epson.ca/support in Canada. To contact the Epson ConnectionSM, please call (800) 637-7661 or (562) 275-4244 in the U.S. and (905) 709-3839 in Canada or visit www.epson.com, or PO Box 93012, Long Beach, CA 90820-9312.

For more information, please call (800) 637-7661 or (562) 276-4394 in the U.S. or (905) 709-3839 in Canada.
