Terms and Conditions

Limited Warranty for Commercial Products

I. What Is Covered: Epson America, Inc. (“Epson”) warrants to the first end-user customer that the Epson® WorkForce® Enterprise Series printer covered by this limited warranty statement, if purchased and used in the United States, Canada, or Puerto Rico, will conform to the manufacturer’s specifications and will be free from defects in workmanship and materials for a period of ninety (90) days from the date of original purchase (proof of purchase required), or six million (6,000,000) pages, whichever occurs first (“Warranty Period”). Epson also warrants that the consumable ink cartridges enclosed with the printer will conform to the manufacturer’s specifications and will be free from defects in workmanship and materials for a period of ninety (90) days from the date of original purchase (proof of purchase required). This warranty is not transferable.

II. What Epson Will Do To Correct Problems: Should your Epson® WorkForce® Enterprise Series printer prove defective during the 90 day limited warranty period or before your printer has reached six million pages, please call the toll-free Epson Preferred support line identified in this booklet. This line will be answered during Epson’s regular support hours (currently, 6:00 AM to 6:00 PM Pacific Time, Monday through Friday - subject to change). When you call, please be prepared to provide the service technician with Proof of Purchase information including the unit serial number and original date of purchase. You may also need to provide proof of purchase if the serial number cannot verify warranty coverage. An Epson service technician will work with you to try

to resolve the problem, and if your printer needs repair, diagnose the issue and determine what parts may be required. If service is required, the On-Site Response service program will be utilized in almost all cases. The technician will provide additional instructions about the program at the time this service is being set up. In rare cases, at its sole discretion, Epson may instead elect to exchange the unit. For highlights of the programs, please see “On-Site Response” and “Printer Exchange.” When service involves the exchange of a unit or its parts, the items replaced become the property of Epson. The new items assume the remaining warranty period of the original Product. Parts may be new or remanufactured to Epson standards.

III. On-Site Response: If Epson determines that a warranted hardware defect requires repair and you are within Epson’s on-site service territory, an Epson Authorized Servicer will be contacted to make the repair at your facility. Epson will usually dispatch repair parts and a technician to your location for the next business day if determination that repair is required occurs prior to 1:00 PM Pacific Time. If that determination is made after 1:00 PM, dispatch will usually be for the second business day. An adult must be available to accept the parts delivery and be present at all times while a technician is on-site. Epson’s shipment of service parts does not imply that replacement is required.

IV. Printer Exchange: Epson may, at its sole discretion, elect to replace a printer that for whatever reason appears to require technical services beyond the capability of field repair. Under these rare circumstances, Epson will replace the printer with the same or a comparable printer refurbished to the Epson standard of quality. (The replacement printer will not include

promotional materials, accessories, stands, documentation, manuals, software, or cables.) The customer must be able to receive, unpack, install the replacement printer, and prepare the defective printer for return shipment by following the procedures described in the user manual or documentation provided by Epson.

A carrier designated by Epson will pick up the repacked defective printer. If the defective product is not returned within seven (7) business days of receipt of the replacement printer, the customer will be invoiced at the price of the replacement printer. If the unit is returned damaged because you have not properly packed or shipped it, you will be billed for the damage. It is your responsibility to unpack, re-install optional components and set up the exchange printer at your location. Epson does not cover damage caused by improper installation.

V. What This Warranty Does Not Cover:

VI. DISCLAIMER OF OTHER WARRANTIES:
 THE WARRANTY AND REMEDY PROVIDED ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER EXPRESSED OR IMPLIED WARRANTIES INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. SOME LAWS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES. IF THESE LAWS APPLY, THEN ALL EXPRESS AND IMPLIED WARRANTIES ARE LIMITED TO

THE WARRANTY PERIOD IDENTIFIED ABOVE. UNLESS STATED HEREIN, ANY STATEMENTS OR REPRESENTATION MADE BY ANY OTHER PERSON OR FIRM ARE VOID.

VII. EXCLUSION OF DAMAGES; EPSON'S

MAXIMUM LIABILITY: Epson's sole and exclusive liability and your exclusive remedy for breach of warranty shall be limited to either, at Epson's option, repair or replacement as set forth above. If the above remedy fails for any reason, Epson's entire liability shall be limited to the price paid for the Epson product. Any action for breach of warranty must be brought within 15 months of the date of original purchase. Epson is not liable for performance delays or for nonperformance due to causes beyond its reasonable control. Except as provided in this written warranty, neither Epson nor its affiliates shall be liable for any loss, inconvenience, or damage, including direct, special, incidental or consequential damages, including lost profits, cost of substitute equipment, downtime, claims of third parties, including customers, or injury to property, resulting from the use or inability to use the Epson products, whether resulting from a breach of warranty or any other legal theory. Some jurisdictions do not allow limits on warranties or remedies for breach in certain transactions. In such jurisdictions, the limits in this paragraph and the preceding paragraph may not apply. In Canada, warranties include both warranties and conditions.

VIII. Disputes, Arbitration, Governing Laws:

- A. Any controversy or claim arising out of or relating to Epson products or services or this agreement, shall be resolved by arbitration, rather than in court, in Los Angeles County. If you or Epson commences arbitration, the arbitration shall be governed by the rules of JAMS that are in effect when the arbitration is filed, excluding any rules that permit arbitration on a class or representative basis, available at <http://www.jamsadr.com> or by calling 1-800-352-5267, and under the rules set forth in this agreement. A single neutral arbitrator shall resolve disputes, and both parties shall have a reasonable opportunity to participate in the selection of the arbitrator. The arbitrator is bound by the terms of this agreement.
- B. Pre-Arbitration Steps and Notice. Before submitting a claim for arbitration, you agree to try, for sixty (60) days, to resolve any dispute informally by contacting us at customer.inquires@ea.epson.com. Please include your name, address and contact information, the facts giving rise to the dispute, and the relief requested. You agree to act in good faith to resolve the dispute, but if you and Epson do not reach a resolution within the sixty (60) days, you may commence an arbitration.
- C. Opt-out. You may elect to opt out (exclude yourself) from the final, binding, individual arbitration procedure and waiver of class and representative proceedings specified in this agreement by sending a written letter to Epson America, Inc., ATTN: Legal Department, 3840 Kilroy Airport Way, Long Beach, CA 90806, within thirty (30) days of your purchase of the Epson products and/or services that specifies (i) your name, (ii) your mailing address, and (iii) your request to be excluded from the final, binding individual arbitration procedure and waiver of class and representative proceedings specified in this Section VIII. In the event that you opt-out

consistent with the procedure set forth above, all other terms shall continue to apply, including the requirement to provide notice prior to litigation.

- D. Judgment on the arbitration award may be entered in any court having jurisdiction. There is no judge or jury in arbitration and your grounds for appeal are limited, however, the arbitrator is empowered to grant relief and award you the same damages as a court could, including declaratory or injunctive relief.
- E. Notwithstanding the foregoing, you may bring an individual action in a small claims court of your state or municipality if the action is within that court's jurisdiction and is pending only in that court.
- F. Any action must be brought within three (3) months of the expiration of the warranty.
- G. **You and Epson each agree that any dispute resolution proceedings will be conducted only on an individual basis and not in a class, consolidated or representative action. If for any reason a claim proceeds in court rather than in arbitration, we each waive any right to a jury trial. We also both agree that you or we may bring suit in court to enjoin infringement or other misuse of intellectual property rights.**
- H. If any provision in this Section VIII is found to be unenforceable, that provision shall be severed with the remainder of this agreement remaining in full force and effect. The foregoing shall not apply to the prohibition against class, consolidated or representative

actions in Section VIII G above. This means that if Section VIII G is found to be unenforceable, then all of Section VIII, except for this Section H shall be null and void.
