What Epson Will Do To Correct Problems: If your product requires service during the limited warranty period, please call the Epson ConnectionSM at the number on the bottom of this statement and be prepared to provide the model, serial number, and date of original purchase. When warranty service involves the exchange of the product or of a part, the item replaced becomes Epson property. The exchanged product or part may be new or equivalent to new in reliability and performance, and at Epson's option, the replacement may be another model of like kind and quality. Exchange or replacement products or parts assume the remaining warranty period of the product covered by this limited warranty.
