Read these instructions before using your product.

Note for Spanish speakers/Nota para hispanohablantes:
Para obtener instrucciones de configuración en español, consulte la Guía de instalación en www.epson.com/support/xp15000sp (requiere una conexión a Internet).

1 Unpack

Remove all protective materials from the product.

2 Turn on and configure

1 Connect the power cord to the back of the printer and to an electrical outlet.

2 Turn on the product, then adjust the control panel.

3 Select your language.

Note:
• You can change this setting later using the product's control panel. For more information, see the online User's Guide.
• If an error message appears, turn off the product and check that no protective material has been left inside the product.

3 Install ink cartridges

Caution: Keep ink cartridges out of the reach of children and do not shake the ink.

1 Open the printer cover.

Caution: Do not touch the flat, white cable or the print head path.

2 Open the printer cover and remove all protective materials from inside the product.

3 Remove the cap from each ink cartridge. Store the caps in the included plastic bag.

Note:
• Save the caps and use them to recap the ink cartridges after removing them for storage or disposal.

4 Insert the cartridges at an angle in the holder for each color. Press each cartridge down until it clicks.

5 Close the printer cover.

6 The printer starts charging the ink. Ink charging takes approximately 10 minutes. When you see a completion message on the printer's LCD screen, charging is finished.

Caution:
• Do not shake the ink cartridges.
• Do not touch the areas shown below. Doing so may prevent normal operation and printing.

Caution:
• Do not touch the flat, white cable or the print head path.

7 Follow the on-screen instructions to adjust the print quality of your product.

Note:
• You need to load paper before you can adjust the print quality. See "Load paper" below for details.
• Select Adjust Later if you want to adjust the print quality later. For more information, see the online User's Guide.

4 Load paper

See the online User's Guide for information about available paper types and sizes, loading capacity, rear feed loading, and loading CD/DVD/Blu-ray™ discs.

1 Lower the front cover until it clicks.

2 Pull out the paper cassette.

3 Slide the side edge guides outward and set the front edge guide to the paper size you are using.

4 Insert the paper with the glossy or printable side facedown.

Note: Make sure the paper is loaded against the back of the cassette and not sticking out from the front of the cassette.
