Read these instructions before using your product.

Note for Spanish speakers/Nota para hispanohablantes:
Para obtener instrucciones de configuración en español, consulte la Guía de instalación en www.epson.com/support/sp6000sp (requiere una conexión a Internet).

1. Unpack

Unpack the product. Remove all protective materials from the product.

2. Turn on and configure

1. Connect the power cord to the back of the printer and to an electrical outlet.

2. Turn on the product, then adjust the control panel.

3. Select your language.

Notes:
- You can change this setting later using the product’s control panel. For more information, see the online User’s Guide.
- If an error message appears, turn off the product and check that no protective material has been left inside the product.

3. Install ink cartridges

1. Lift up the scanner unit.

Caution: Do not touch the flat, white cable or the print head path.

2. Gently shake the Black (BK) ink cartridge. Do not shake the Photo Black (PB) or other ink cartridges.

3. Unpack the ink cartridges.

Caution: Do not touch the areas shown below. Doing so may prevent normal operation and printing.

4. Remove the cap from each ink cartridge.

Notes: Save the caps and use them to recap the ink cartridges after removing them for storage or disposal.

5. Insert the cartridges at an angle in the holder for each color. Press each cartridge down until it clicks.

6. Lower the scanner unit.

7. Select Installed and press the OK button to start charging the ink. Ink charging takes approximately 10 minutes. When you see a completion message on the printer’s LCD screen, charging is complete.

Caution: Do not turn off the printer or raise the scanner unit while the printer is charging or you’ll waste ink.

Notes:
- The printer is designed for use with Epson cartridges only, not third-party cartridges or ink.
- The cartridges included with the printer are designed for printer set up and not for resale. After some ink is used for charging, the rest is available for printing.

8. Follow the on-screen instructions to adjust the print quality of your product.

Notes:
- You need to load paper before you can adjust the print quality. See “Load paper” below for details.
- Select Adjust Later on the printer’s LCD screen if you want to adjust the print quality later. For more information, see the online User’s Guide.

4. Load paper

See the instructions below to load paper.

You can load the following paper sizes:
- Cassette 1: 3.5 x 5-, 4 x 6-, or 5 x 7-inch photo paper
- Cassette 2: Letter-, A4-, legal-size, or 8 x 10-inch paper

See the online User’s Guide for information about available paper types and sizes, loading capacities, and printing on CD/DVD/Blu-ray® discs.

1. Lower the front cover and raise the control panel.

2. Pull out a paper cassette.

3. Slide the side edge guides outward.

4. Insert the paper with the glossy or printable side facedown.

Note: Make sure the paper is loaded against the back of the cassette and not sticking out from the front of the cassette.
Read these instructions before using your product.

Start Here

1 Unpack

1 Unpack the protective material from the product.

2 Lift up the scanner unit. Remove all protective materials from inside the product.

3 Lower the scanner unit.

2 Turn on and configure

1 Connect the power cord to the back of the printer and to an electrical outlet.

2 Turn on the product, then adjust the control panel.

3 Select your language.

4 Load paper

You can load the following paper sizes:
- Cassette 1: 3.5 × 5-, 4 × 6-, or 5 × 7-inch photo paper
- Cassette 2: Letter-, A4-, legal-size, or 8 × 10-inch paper

See the online User's Guide for information about available paper types and sizes, loading capacities, and printing on CD/DVD/Blu-ray® discs.

1 Lower the front cover and raise the control panel.

2 Pull out a paper cassette.

3 Slide the side edge guides outward.

4 Insert the paper at an angle in the holder for each color. Press each cassette down until it clicks.

Note: Make sure the paper is loaded against the back of the cassette and not sticking out from the front of the cassette.

5 Insert the cartridges at an angle in the holder for each color. Press each cartridge down until it clicks.

6 Lower the scanner unit.

7 Select Installed and press the OK button to start charging the ink. Ink charging takes approximately 10 minutes.

Caution: Do not touch the flat, white cable or the print head path.

8 Follow the on-screen instructions to adjust the print quality of your product.

Note:
- You need to load paper before you can adjust the print quality. See “Load paper” below for details.
- Select Adjust Later on the printer’s LCD screen if you want to adjust the print quality later. For more information, see the online User’s Guide.

8 Follow the on-screen instructions to adjust the print quality of your product.

Note:
- You need to load paper before you can adjust the print quality. See “Load paper” below for details.
- Select Adjust Later on the printer’s LCD screen if you want to adjust the print quality later. For more information, see the online User’s Guide.

3 Install ink cartridges

1 Lift up the scanner unit.

Caution: Do not touch the flat, white cable or the print head path.

2 Gently shake the Black (BK) ink cartridge. Do not shake the Photo Black (PB) or other ink cartridges.

3 Unpack the ink cartridges.

4 Remove the cap from each ink cartridge.

Caution: Do not connect to your computer yet.

5 Insert the cartridges at an angle in the holder for each color. Press each cartridge down until it clicks.

6 Lower the scanner unit.

7 Select Installed and press the OK button to start charging the ink. Ink charging takes approximately 10 minutes.

Caution: Do not touch the areas shown below. Doing so may prevent normal operation and printing.

8 Follow the on-screen instructions to adjust the print quality of your product.

Note:
- You need to load paper before you can adjust the print quality. See “Load paper” below for details.
- Select Adjust Later on the printer’s LCD screen if you want to adjust the print quality later. For more information, see the online User’s Guide.

Note:
- You need to load paper before you can adjust the print quality. See “Load paper” below for details.
- Select Adjust Later on the printer’s LCD screen if you want to adjust the print quality later. For more information, see the online User’s Guide.
3 Slide the side edge guides against the paper, but not too tight. Make sure the paper is under the tabs on the side edge guides.

4 When you see the Select Your Connection screen, select one of the following:
   - **Wireless connection**
     In most cases, the software installer automatically attempts to set up your wireless connection. If setup is unsuccessful, you may need to enter your network name (SSID) and password.
   - **Direct USB connection**
     Make sure you have a USB cable (not included).

**Mobile printing**

Connect wirelessly from your smartphone, tablet, or computer:

- Print directly from your iOS device. Simply connect your printer and device to the same network and tap the action icon to select the print option.
- Use Epson Print Enabler (free from Google Play™ with Android™ devices v4.4 or later). Then connect your printer and device to the same network and tap the menu icon to select the print option.
- Print remotely with Epson Connect™ and Google Cloud Print™. See your online User’s Guide for instructions or learn more at www.epsonconnect.com (U.S.) or www.epson.ca/connect (Canada).

Setup is unable to find my product after connecting it with a USB cable.

Make sure the product is turned on and securely connected as shown:

**Any questions?**

**Quick Guide**

Basic information and troubleshooting.

**User’s Guide**

Windows: Click the icon on your desktop or Apps screen to access the online User’s Guide.

Mac: Click the icon in Applications/Epson Software/Guide to access the online User’s Guide.

If you don’t have a User’s Guide icon, go to the Epson website, as shown below.

**Technical support**

Visit www.epson.com/support (U.S.) or www.epson.ca/support (Canada) and search for your product to download drivers, view manuals, get FAQs, or contact Epson.

Call (562) 276-4382 (U.S.) or (905) 709-3839 (Canada), or www.epson.ca/support (Canada) and search for your product model to return your products for proper disposal.

Any questions?

**Need paper and ink?**

Ensure peak performance and brilliant results with Genuine Epson ink and specialty papers, engineered specifically for Epson printers. Find Genuine Epson ink and specialty papers at www.epson.com (U.S. sales) or www.epson.ca (Canadian sales) and at Epson authorized resellers. Call 800-GO-EPSON (800-463-7766).

To print this page, please use the PRINT button (not the browser’s BACK button)
4. When you see the Select Your Connection screen, select one of the following:
   - **Wireless connection**
     In most cases, the software installer automatically attempts to set up your wireless connection. If setup is unsuccessful, you may need to enter your network name (SSID) and password.
   - **Direct USB connection**
     Make sure you have a USB cable (not included).

5. **Install software**
   **Note:** If you are using a Mac or your computer does not have a CD/DVD drive, an Internet connection is required to obtain the product software.

   1. Make sure the product is NOT CONNECTED to your computer.
   2. Insert the product CD or download and run your product’s software package. For the latest software, visit [www.epson.ca/support/xp6000](http://www.epson.ca/support/xp6000) (Canada) or [www.epson.com/support/xp6000](http://www.epson.com/support/xp6000) (U.S.)
   3. Follow the instructions on the screen to run the setup program.

6. Keep the cassette flat as you insert it all the way.

7. Lower the control panel.

8. Select the paper settings on the product’s control panel.

### Mobile printing
Connect wirelessly from your smartphone, tablet, or computer. Print documents and photos from across the room or around the world:

- Print directly from your iOS device. Simply connect your printer and device to the same network and tap the action icon to select the print option.
- Use Epson Print Enabler (free from Google Play™ with Android™ devices v4.4 or later). Then connect your printer and device to the same network and tap the icon on the print option.
- Print remotely with Epson Connect™ and Google Cloud Print™. See your online User’s Guide for instructions or learn more at [www.epson.com/connect](http://www.epson.com/connect) (U.S.) or [www.epson.ca/connect](http://www.epson.ca/connect) (Canada).

### Any problems?
#### Network setup was unsuccessful.
- Make sure you select the right network name (SSID).
- Restart your router (turn it off and then on), then try to connect to it again.
- The printer can only connect to a network that supports 2.4 GHz connections. If your router offers both 2.4 GHz and 5 GHz connections, make sure the 2.4 GHz network is enabled.
- If you see a firewall alert message, click Unblock or Allow to let setup continue.
- If your network has security enabled, make sure you enter your network password (WEP key or WPA passphrase) correctly. Be sure to enter your password in the correct case.

#### There are lines or incorrect colors in my printouts.
Run a nozzle check to see if there are any gaps in the printout. Then clean the print head, if necessary. See the online User’s Guide for more information.

### Setup is unable to find my product after connecting it with a USB cable.
Make sure the product is turned on and securely connected as shown:
