IMPORTANT: Before using this product, make sure you read these instructions and the safety instructions in the online User's Guide.

Note: This printer is designed for use with Epson® cartridges only, not third-party cartridges or ink. For important ink information, visit www.epson.com/epsonink (U.S.) or www.epson.ca/epsonink (Canada) or see your printer box.

Important Safety Instructions: When using telephone equipment, you should always follow basic safety precautions to reduce the risk of fire, electric shock, and personal injury, including the following:
- Do not use the Epson product near water.
- Always keep this guide handy.
- Avoid using a telephone during an electrical storm. There may be a remote risk of electric shock from lightning.
- Do not use a telephone to report a gas leak in the vicinity of the leak.

Caution: To reduce the risk of fire, use only a No. 26 AWG or larger telecommunication line cord.

1 Unpack

Note: Do not open the ink cartridge packages until you are ready to install the ink. Cartridges are vacuum packed to maintain reliability.

1 Remove all protective materials from the product.

2 Turn on and configure

1 Connect the power cord to the back of the product and to an electrical outlet.

Caution: Do not connect to your computer yet.

2 Raise the control panel and turn on the product.

3 Select your language, country, date, and time on the LCD screen using the buttons on the control panel.

Note: You can change these settings later using the product’s control panel. For more information, see the online User’s Guide.

3 Install ink cartridges

Caution: Keep the ink cartridges out of the reach of children and do not drink the ink.

Notes: The included initial cartridges are designed for reliable printer setup and cannot be used as replacement cartridges or resold. After setup, the remaining ink is available for printing.

1 Lift up the scanner unit until it locks into place.

2 Gently shake the Black (BK) ink cartridge.

Note: Do not shake the other ink cartridges.

3 Unpack the ink cartridges.

4 Load paper

See the online User’s Guide for information about loading capacity, available paper types and sizes, and loading envelopes.

1 Make sure the product is done charging the ink, and then pull out the rear paper support.

2 Slide the edge guides all the way out.

6 Lift the scanner unit up slightly and lower it. When the scanner unit catches, lift it up again and lower it completely.

7 Follow the on-screen instructions to start charging the ink. Ink charging takes approximately 6 minutes. When you see a completion message on the product’s LCD screen, charging is complete.

Caution: Don’t turn off the printer or raise the scanner unit while the printer is charging or you’ll waste ink.

Note: As part of setup, your product’s serial number will be sent to a secure Epson server so that you can be eligible to participate in programs we may offer from time to time, including the Epson ink replenishment program. You will have a separate opportunity to consent to participating in such programs.

8 Follow the on-screen instructions to adjust the print quality of your product.

Note:
- You need to load paper before you can adjust the print quality. See “Load paper” below for details.
- Select Adjust Later if you want to adjust the print quality later. For more information, see the online User’s Guide.
IMPORTANT: Before using this product, make sure you read these instructions and the safety instructions in the online User’s Guide.

Note: This printer is designed for use with Epson® cartridges only, not third-party cartridges or ink. For important ink information, visit www.epson.com/epsonink (U.S.) or www.epson.ca/epsonink (Canada) or see your printer box.

4 Load paper

Caution: Do not touch the flat white cable.

3 Lift the scanner unit up slightly and lower it. When the scanner unit catches, lift it up again and lower it completely.
Connect the fax line

1 Connect a phone cord to a telephone wall jack and to the LINE port on your product. See the online User’s Guide for more information.
2 Select Proceed on the LCD screen to set up the fax, or select Set Up Later to set it up later.

Install software

Note:
• If you are using a Mac or your computer does not have a CD/DVD drive, an Internet connection is required to obtain the product software.
• To print from a Chromebook™, go to www.epson.com/support/gcp (U.S.) or www.epson.ca/support/gcp (Canada) for instructions.

Firmware Update Notice: Epson periodically provides firmware updates to address issues of security, performance, minor bug fixes and ensure your printer functions as designed. Your printer was designed to work only with genuine Epson ink cartridges, therefore some updates may affect the functionality of third-party ink.

Load paper, short edge first, in the center of the paper support with the printable side facing up.

1 Make sure the product is NOT CONNECTED to your computer.
2 Insert the product CD (Windows only) or download and run your product’s software package. For the latest software, visit:
   WF-2830: www.epson.com/support/wf2830 (U.S.)
   www.epson.ca/support/wf2830 (Canada)
   WF-2850:
   www.epson.com/support/wf2850 (U.S.)
   www.epson.ca/support/wf2850 (Canada)
3 Follow the instructions on the computer screen to run the setup program.
4 When you see the Select Your Connection screen, select one of the following and follow the on-screen instructions:
   • Wireless connection
     In most cases, the software installer automatically attempts to set up your wireless connection. If setup is unsuccessful, you may need to enter your network name (SSID) and password.
   • Direct USB connection
     Make sure you have a USB cable (not included).

Mobile and voice-activated printing

• Print directly from your iOS device. Simply connect your printer and device to the same network and tap the action icon to select the print option.
• Print directly from your Android™ (v4.4 or later) device*.
• Print directly from your iOS device. Simply connect your printer and device to the same network and tap the action icon to select the print option.
• Print from wherever you are, next to your printer or remotely, with Epson Connect™ and Google Cloud Print™. See your online User’s Guide for more information.
• Use voice-activated assistants to print a variety of creative and everyday items from your Epson product. Simply add your product to an Epson Connect account, then link the account to a voice-activated assistant. See www.epson.com/voice (U.S.) or www.epson.ca/voice (Canada) for more information.

Any problems?

Network setup was unsuccessful.
• Make sure you select the right network name (SSID).
• Restart your router (turn it off and then on), then try to connect to it again.
• The printer can only connect to a network that supports 2.4 GHz connections. If your router offers both 2.4 GHz and 5 GHz connections, make sure 2.4 GHz is enabled.
• If you see a firewall alert message, click Unblock or Allow to let setup continue.
• If your network has security enabled, make sure you enter your network password (WEP key or WPA passphrase) correctly. Be sure to enter your password in the correct case.

There are lines or incorrect colors in my printouts.
Run a nozzle check to see if there are any gaps in the printout. Then clean the print head, if necessary. See the online User’s Guide for more information.

The product’s screen is dark.
Make sure your product is turned on, and touch the screen or power button to wake it from sleep mode.

Setup is unable to find my printer after connecting it with a USB cable.
Make sure your product is securely connected as shown:
