Start Here

IMPORTANT: Before using this product, make sure you read these instructions and the safety instructions in the online User’s Guide.

Choose a Location for the Printer

Choose a location for the printer that is near a wall outlet where the power cord can be easily unplugged. Avoid places subject to rapid changes in temperature and humidity. Also keep the printer away from direct sunlight, strong light, or heat sources.

Make sure to place the printer on a flat, stable surface with enough space on all sides (see illustration below). The surface supporting the printer should be wider than the space between the rubber foot on the bottom of the printer and capable of supporting the weights shown below:

- Weight: 63.93 lbs (29 kg)
- 5.9 in. (150 mm)
- 1.97 in. (50 mm)
- 12.20 in. (310 mm)
- 1.57 in. (40 mm)

Unpack

1. Make sure you have these items:
   - Printer and roll spindle
   - Output tray
   - Ink bottles
   - Power cord
   - Limited warranty
   - Paper basket

2. Remove the plastic sheet and all tape from the outside of the printer.
3. Open the left cover.
4. Remove the tape and the protective piece.
5. Close the left cover.
6. Open the front cover.
7. Turn and remove the protective piece.
8. Close the front cover.
9. Remove the protective film from the control panel.
10. Open the cut sheet cover and remove the tape inside the printer.
11. Open and fold back the roll paper cover.
12. Remove the tape and the protective pieces.
13. Close the roll paper cover and the cut sheet cover.
14. Dispose of all the tape and the protective pieces.

Fill Ink Tanks

Note:
- Epson cannot guarantee the quality or reliability of third-party ink.
- Use the ink bottles included with the printer to set up the product. Part of the ink will be used to charge the print head. These bottles may print fewer pages compared with replacement ink bottles.

1. Open the ink tank cover.
2. Open the cap for the black ink.
3. Gently shake the black (BK) ink bottle for about 5 seconds.
4. Unpack the black (BK) ink bottle. Hold the ink bottle upright and slowly turn the bottle cap to remove it.
5. Insert the ink bottle into the filling port, as shown below.
6. Wait for the ink to fill the tank. Do not squeeze the bottle. Ink flows into the tank and stops automatically when the ink tank is filled to the upper line.
7. When the ink tank is full, remove the ink bottle and replace the bottle cap. Place the remaining ink aside; you will need it later.

Note:
- Do not leave the ink bottle inserted; otherwise the bottle may be damaged or ink may leak.

Caution: Do not squeeze the bottle. Do not touch the top of the ink bottle after its cap is removed.

Note: Do not leave the ink bottle inserted; otherwise the bottle may be damaged or ink may leak.

Note: After setup, periodically inspect the ink level to ensure it is not below the lowest line on the tank. Prolonged use when ink is below the lowest line could damage the product. See the online User’s Guide for refilling instructions.

Note: If ink does not flow from the bottle, lift and reinsert the bottle.

Note: Do not leave the ink bottle inserted; otherwise the bottle may be damaged or ink may leak.
**Start Here**

**IMPORTANT:** Before using this product, make sure you read these instructions and the safety instructions in the online User’s Guide.

**Choose a Location for the Printer**

Choose a location for the printer that is near a wall outlet where the power cord can be easily unplugged. Avoid places subject to rapid changes in temperature and humidity. Also keep the printer away from direct sunlight, strong light, or heat sources.

Make sure to place the printer on a flat, stable surface with enough space on all sides (see illustration below). The surface supporting the printer should be wider than the space between the rubber feet on the bottom of the printer and capable of supporting the weights shown below.

**Unpack**

1. Make sure you have these items:
   - Printer and roll spindle
   - Output tray
   - Ink bottles
   - Limited warranty
   - Power cord

   Note:
   - See the online User’s Guide for instructions on using the output tray and assembling the optional stand and paper basket.
   - Do not open the ink bottles until you are ready to fill the ink tanks. The ink bottles are vacuum packed to maintain reliability.

   **WARNING:** The printer requires two people to lift and move it. Make sure to grip the printer as shown in the illustration.

   Caution: Do not hold the printer by its paper support.

2. Remove the plastic sheet and all tape from the outside of the printer.

3. Open the left cover.

4. Remove the tape and the protective piece.

5. Close the left cover.

6. Open the front cover.

7. Turn and remove the protective piece.

8. Close the front cover.

9. Remove the protective film from the control panel.

   Note: The touch screen will not operate if you do not remove the protective film.

10. Open the cut sheet cover and remove the tape inside the printer.

11. Open and fold back the roll paper cover.

12. Remove the tape and the protective pieces.

13. Close the roll paper cover and the cut sheet cover.

14. Dispose of all the tape and the protective pieces.

**Fill Ink Tanks**

Note:
- Epson cannot guarantee the quality or reliability of third-party ink.
- Use the ink bottles included with the printer to set up the product. Part of the ink will be used to charge the print head. These bottles may print fewer pages compared with replacement ink bottles.

1. Open the ink tank cover.

2. Open the cap for the black (BK) ink.

3. Gently shake the black (BK) ink bottle for about 5 seconds.

4. Unpack the black (BK) ink bottle. Hold the ink bottle upright and slowly turn the bottle cap to remove it.

   Caution: Do not squeeze the ink bottle. Do not touch the top of the ink bottle after its cap is removed.

5. Insert the ink bottle into the filling port, as shown below.

6. Wait for the ink to fill the tank. Do not squeeze the bottle. Ink flows into the tank and stops automatically when the ink tank is filled to the upper line.

Note: If ink does not flow from the bottle, lift and reinsert the bottle.

Caution: After setup, periodically inspect the ink level to ensure it is not below the lowest line on the tank. Prolonged use when ink is below the lowest line could damage the product. See the online User’s Guide for refilling instructions.

7. When the ink tank is full, remove the ink bottle and replace the bottle cap. Place the remaining ink aside; you will need it later.

   Note: Do not leave the ink bottle inserted; otherwise the bottle may be damaged or ink may leak.
Install Software

Note: An internet connection is required to obtain the product software.

1. Download and run your product’s software package:
   - U.S.: www.epson.com/support/F570
   - Canada: www.epson.ca/support/F570

2. Follow the instructions on the screen to run the setup program.

3. When you see the Select Your Connection screen, select one of the following:
   - **Wireless connection**
     In most cases, the software installer automatically attempts to set up your wireless connection. If setup is unsuccessful, you may need to enter your network name (SSID) and password.
   - **Direct USB connection**
     Make sure you have a USB 2.0 or 3.0 cable (not included).
     Note: If you do not use a USB 2.0 or 3.0 cable, print speed and performance may decline.
   - **Wired network connection**
     Make sure you have an Ethernet cable (not included).

Product Support

**User’s Guide**

- **Windows:** Click the icon on your desktop or Apps screen to access the online User’s Guide.
- **Mac:** Click the icon in Applications/Epson Software/Guide to access the online User’s Guide.

If you don’t have a User’s Guide icon, go to the Epson website, as described below.

**Epson technical support**

Visit www.epson.com/support/F570 (U.S.) or www.epson.ca/support/F570 (Canada) to download software and utilities, view manuals, get FAQs and troubleshooting advice, or contact Epson.

**Epson Preferred**

Epson provides technical support and information on the installation, configuration, and operation of professional printing products through the Epson Preferred Limited Warranty Plan. Dial (888) 377-6611, 6 am to 6 pm, Pacific Time, Monday through Friday. Days and hours of support are subject to change without notice. Before you call, make sure you have:

- **Printer serial number:** ______________________________________
- **Proof of purchase and date:** __________________________________

Note: If you experience difficulty with the toll-free line, call (562) 276-1305.

**Recycling**

Epson offers a recycling program for end of life hardware and ink bottles. Please go to www.epson.com/recycle (U.S.) or www.epson.ca/recycle (Canada) for information on how to return your products for proper disposal.

**Need Ink?**

You can purchase ink from an Epson authorized reseller. To find the nearest reseller, call 800-GO-EPSON (800-463-7766).
