B-310N/B-510DN

Start Here

Before using the printer, make sure you read the safety instructions in the User's Guide on your printer CD.

Unpack

If anything is missing, contact Epson as described on the back of this sheet.

The following instructions apply to both the B-310N and B-510DN, unless otherwise noted.

Note: The appearance of your printer may differ from what you see here, depending on your model and accessories.

Remove all the tape and other packing material, including tape on the duplexer at the back of the printer (B-510DN only). Insert the paper cassette into the printer.

1. Load paper in the rear sheet feeder
   1. Open the paper support.
   2. Slide the edge guide to the left.
   3. Insert paper with the printable side up, against the right side of the feeder. Then slide the edge guide against the paper.

   Note: You can load up to 150 sheets of plain, letter-size paper in the rear sheet feeder. Do not load paper above the arrow on the edge guide.

   Using the optional legal-size paper support, you can load up to 60 sheets of plain, legal-size paper. See the back of this sheet for information on ordering the optional legal-size paper support.

2. Install cartridges
   1. Open the cartridge cover.
   2. Unpack the 4 ink cartridges.
   3. Shake each cartridge for about 5 seconds.
   4. Make sure the cartridge lever is all the way up, then install each cartridge in the correct slot for its color.

   The arrow mark should be on top and pointing toward the printer. Push each cartridge in until it clicks.

   5. After you install all 4 cartridges, lower the cartridge lever to the locked position.
   6. Close the cartridge cover.

   The printer starts charging the ink. This takes about 5 minutes.

   Caution: Don't turn off the printer or open any covers while it is charging or you'll waste ink.

   Note: The printer ships with full cartridges and part of the ink from this first set of cartridges is used for charging the printer.

3. Load paper in the cassette
   1. Pull out the front paper cassette. Make sure you don't pull out the cassette cover.
   2. Squeeze the edge guides and slide them out.
   3. Load paper with the printable side down (up to 500 sheets of plain paper).
   4. Squeeze the edge guides and slide them against the paper. Make sure the paper is stacked against the front edge guide.

   Note: Close the front cover of the legal-sized paper cassette.

   5. Reinsert the cassette into the printer.
   6. Slide out the output tray and flip up the extension.

4. Choose your connection
   Network Connection
   See the Network Installation Guide for instructions.

   USB Connection
   Make sure you have a USB cable (not included). Then follow the steps on the back of this sheet for Windows® or Macintosh®.
Before using the printer, make sure you read the safety instructions in the User’s Guide on your printer CD.
