

EPSON®

PRINT ADAPTER

Bluetooth™ Photo

Cable-free printing made easy!

Now you can print photos directly from your cell phone, PDA, or laptop computer. With built-in Bluetooth technology on many different devices, it's easy to enjoy the convenience of cable-free printing. Connect this adapter, simply press a few buttons, and you can send your pictures wirelessly to compatible Epson photo printers. Windows XP users can even print from their PC without using a cable. It's all possible with this optional adapter, which easily connects to select Epson ink jets.

Key Features

- **Cable-free print communications**
Offers convenient wireless communications via short-range radio frequency technology
- **Compatible with industry standard Bluetooth printing profiles**
Supports BPP, BIP, HCRP, and OPP printing profiles for quick, easy communication with various devices
