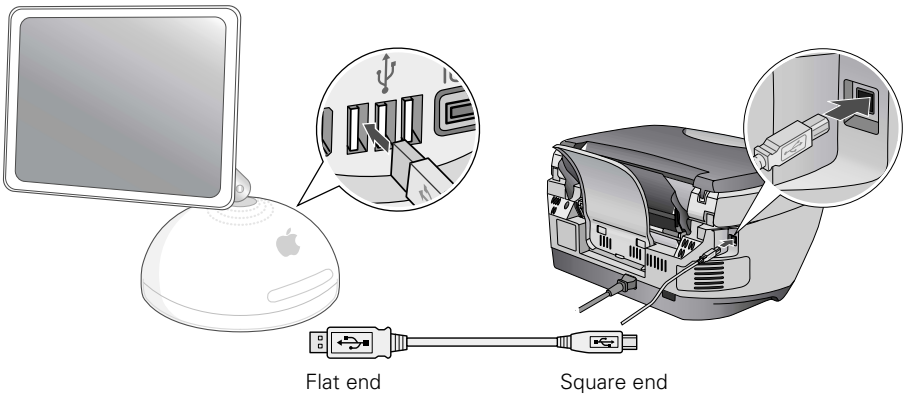
Installing Printer Software for Macintosh

Connecting the EPSON Stylus CX3200

Before you start, make sure you set up your EPSON Stylus® CX3200 and installed ink and paper, as described on the *Start Here* sheet. Then follow these steps to connect the EPSON Stylus CX3200 to your Macintosh®.

1. Remove the sticker from the USB port on the back of the Stylus CX.
2. Connect the square end of the USB cable to the USB port on the Stylus CX.
3. Then connect the flat end of the cable to a USB port on your Macintosh.

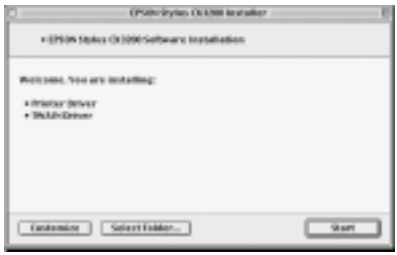


4. Follow the instructions in one of the next sections to install the printer software on your Macintosh.

Installing Printer Software on Mac OS 8.6 to 9.x

1. Insert the EPSON Stylus CX3200 CD-ROM in your CD-ROM or DVD drive.
2. Double-click EPSON on your desktop, if necessary. Then double-click EPSON in the window that opens.
3. Read and agree to the license agreement to continue the installation.

4. When the Software Installation screen appears, click Install. You see the EPSON Stylus CX3200 Installer:



5. Click Start and follow the on-screen instructions to install the driver and restart your Macintosh.

   Then continue with the instructions in the next section.

Installing Additional Software for Mac OS 8.6 to 9.x

1. After your Macintosh restarts, double-click the EPSON CD-ROM icon to open it, if necessary, then double-click EPSON. You see this screen:

2. Click Install and follow the on-screen instructions to install each program. After each one is installed, click Quit to continue. Note that EPSON Smart Panel™ installs in several steps.

   If you see a message about installing QuickTime,™ click Yes and follow the on-screen instructions. You don't need a registration number.

   When installation is complete, you see this screen:

3. Click the Register button and follow the instructions to register your Stylus CX. At the last screen, click Quit or close your browser.
4. Click Exit. Remove the CD-ROM and keep it in case you need to reinstall any software later.

5. Open the Chooser from the Apple menu. Select CX3200, then select your USB port and turn on background printing.

6. Close the Chooser. You're ready to copy, scan, and print.

Installing Printer Software on Mac OS X

Before you start, make sure you set up your EPSON Stylus CX3200, installed ink and paper, and connected it to your Macintosh as described on the *Start Here* sheet. Then follow these steps to install your drivers and additional software.

1. Insert the EPSON CD-ROM in your CD-ROM or DVD drive.
2. Double-click EPSON on your desktop.
3. Then double-click the CX3200 icon in the window that opens.

4. If you have an administrator password, you need to enter it before you can continue. With OS X 10.2x, enter your password and click OK.

With OS X 10.1x, you see this screen:

Click the lock icon, then enter your password and click **OK**.

5. Click **Continue**, then read and agree to the license agreement to continue the installation.
6. Select the OS X drive or partition and click **Continue**.
7. When you see the Easy Install screen, click **Install**.

8. Follow the on-screen instructions to complete the installation and restart your Macintosh.

Then follow the steps in the next section to install additional software.

Installing Additional Software for OS X

1. After your Macintosh restarts, double-click the EPSON TWAIN 5 Installer icon to install EPSON TWAIN. Follow the on-screen instructions.
2. Double-click the EPSON Scan to File Installer icon to install EPSON Scan to File. Follow the on-screen instructions.
3. Double-click to the Film Factory Installer icon to install Film Factory for OS X. Follow the on-screen instructions.
4. Double-click the PhotoImpression Installer icon to install ArcSoft PhotoImpression. Follow the on-screen instructions.
5. Double-click the User's Guide Installer icon to install your on-screen EPSON Stylus CX3200 *User's Guide*.
6. Open the OS X Applications folder, then open the Utilities folder and double-click Print Center.

   Note: If you see this screen, click Add.

   If CX3200(USB) already appears in the Printer list, go to step 9.

7. At the Printer List screen, click Add Printer.
8. Select EPSON USB, click CX3200(USB), then click Add. Your printer appears in the printer list.

9. Close Print Center. You're ready to copy, scan, and print.
10. Now start up your Macintosh in OS 9.x. Follow the instructions on page 2 to install the OS 9.x drivers and optional software for Macintosh Classic programs.

Requirements and Notices

Windows System Requirements

To use your EPSON Stylus CX3200 and its software, your system should have:

- A Microsoft® Windows® compatible PC with a Pentium® 300 MHz or better processor
- Microsoft Windows XP, Windows 2000, Windows Me, or Windows 98
- 128MB RAM (256MB or more recommended)
- VGA monitor or better with at least 256 colors
- At least 200MB of free hard disk space (300MB or more recommended)
- CD-ROM or DVD drive for installing the software
- Windows-compliant USB port and the USB cable that came with your EPSON Stylus CX3200.

Macintosh System Requirements

To use your EPSON Stylus CX3200 and its software, your system should have:

- An Apple® iMac™ series, Power Macintosh® G3 or G4, PowerBook,® iBook,™ or eMac™
- Mac® OS 8.6 through 9.x or OS X 10.1 or higher (Mac OS 9.1 or later recommended)
- At least 128MB of available RAM (256MB or more recommended and required with OS X 10.1)
- At least 200MB of free hard disk space (300MB or more recommended)
- VGA display or better with at least 256 colors
- CD-ROM or DVD drive for installing the printer software
- The USB cable that came with your EPSON Stylus CX3200.

Important Safety Instructions

Before using your EPSON Stylus CX3200, read and follow these safety instructions:

- Be sure to follow all warnings and instructions marked on the Stylus CX.
- Use only the type of power source indicated on the Stylus CX label.
- Connect all equipment to properly grounded power outlets. Avoid using outlets on the same circuit as air control systems or other high-load devices that regularly switch on and off.
- Place the Stylus CX near a wall outlet where the plug can be easily unplugged. *Placez l'imprimante près d'une prise de contacte où la fiche peut être débranchée facilement.*
- Do not let the power cord become damaged or frayed.
- If you use an extension cord with the Stylus CX, make sure the total ampere rating of the devices plugged into the extension cord does not exceed the cord's ampere rating. Also, make sure the total ampere rating of all devices plugged into the wall outlet does not exceed the wall outlet's ampere rating.
- Avoid electrical outlets controlled by wall switches or automatic timers.
- Keep your Stylus CX and computer system away from potential sources of electromagnetic interference, such as loudspeakers or cordless telephone base units.
- Avoid locations that are subject to rapid changes in heat or humidity, shocks or vibrations, or dust.
- Leave enough room around the Stylus CX for sufficient ventilation.
- Do not place the Stylus CX near a radiator or heating vent or in direct sunlight.
- Place the Stylus CX on a flat, stable surface that extends beyond its base in all directions. It will not operate properly if it is tilted or at an angle. Leave enough space in front of the Stylus CX (at least 9 inches) so it doesn't tip forward and fall off of the work surface.
- Turn off and unplug the Stylus CX before cleaning. Clean with a damp cloth only. Do not spill liquid on it.

  Caution: Always turn the Stylus CX off using the On button. Don't turn off the power using a switch on a power strip or unplug the Stylus CX until the On light is off.

- Do not block or cover openings in the Stylus CX case or insert objects through the slots.
- Except as specifically explained in your documentation, do not attempt to service the Stylus CX yourself.

- Unplug the Stylus CX and refer servicing to qualified service personnel under the following conditions: if the power cord or plug is damaged; if liquid has entered the product; if the product has been dropped or the case damaged; if the product does not operate normally or exhibits a distinct change in performance. Adjust only those controls that are covered by the operating instructions.
- Before transporting the Stylus CX, make sure the print head is capped in the far right position, the ink cartridges are in place, and the scanner is secured by the transportation lock.
- This product includes a lamp component that contains mercury. Please consult your state and local regulations regarding disposal or recycling. Do not put in the trash.

Ink Cartridge Safety Instructions

- Leave the ink cartridges installed. Removing the cartridges can dehydrate the print head and may prevent the EPSON Stylus CX3200 from printing.
- Keep ink cartridges out of the reach of children and do not drink the ink.
- Be careful when you handle used ink cartridges; there may be ink remaining around the ink supply port. If ink gets on your skin, wash it off with soap and water. If it gets in your eyes, flush them immediately with water.
- Do not put your hand inside the Stylus CX or touch the cartridge during printing.
- Do not move the print head by hand; otherwise you may damage the Stylus CX.
- Install the ink cartridge immediately after you remove it from its package. Leaving the cartridge unpacked for a long time before use may result in reduced print quality.
- Do not use an ink cartridge beyond the date printed on the cartridge package. For best results, use up the ink cartridges within six months of first installing them.
- Store ink cartridges in a cool, dark place. Store each ink cartridge so that the bottom of its package faces down.
- After bringing an ink cartridge inside from a cold storage site, allow it to warm up at room temperature for at least three hours before using it.
- Do not remove or tear the label or shake an ink cartridge; this can cause leakage.
- Do not dismantle the ink cartridges or try to refill them. This could result in damage to the print head.
- Do not touch the green IC chip on the side of the cartridge. This may affect normal operation and printing.

- If you remove an ink cartridge for later use, protect the ink supply area from dirt and dust and store it in the same environment as the Stylus CX. Note that there is a valve in the ink supply port, making covers or plugs unnecessary, but care is needed to prevent the ink from staining items that the cartridge touches. Do not touch the ink cartridge ink supply port or surrounding area.

LCD Panel Safety Instructions

- Use only a dry soft cloth to clean the LCD display. Don't use liquid or chemical cleaners.
- If the LCD display is damaged, contact your dealer.
- If LCD solution gets on your skin, wash it off thoroughly with soap and water. If it gets in your eyes, flush them immediately with water.

FCC Compliance Statement

For United States Users

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio and television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

WARNING

The connection of a non-shielded equipment interface cable to this equipment will invalidate the FCC Certification of this device and may cause interference levels which exceed the limits established by the FCC for this equipment. It is the responsibility of the user to obtain and use a shielded equipment interface cable with this device. If this equipment has more than one interface connector, do not leave cables connected to unused interfaces. Changes or modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment.

For Canadian Users

This Class B apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

Declaration of Conformity

According to 47CFR, Part 2 and 15 for: Class B Personal Computers and Peripherals; and/or CPU Boards and Power Supplies used with Class B Personal Computers:

We: EPSON AMERICA, INC.
Located at: MS 3-13
3840 Kilroy Airport Way
Long Beach, CA 90806
Telephone: (562) 290-5254

Declare under sole responsibility that the product identified herein, complies with 47CFR Part 2 and 15 of the FCC rules as a Class B digital device. Each product marketed is identical to the representative unit tested and found to be compliant with the standards. Records maintained continue to reflect the equipment being produced can be expected to be within the variation accepted, due to quantity production and testing on a statistical basis as required by 47CFR §2.909. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Trade Name: EPSON
Type of Product: Multifunction printer
Model: C151A

ENERGY STAR Compliance

As an ENERGY STAR Partner, EPSON has determined that this product meets the ENERGY STAR guidelines for energy efficiency. The EPA ENERGY STAR office equipment program is a voluntary partnership with the computer and office equipment industry to promote the introduction of energy-efficient personal computers, monitors, printers, fax machines, and copiers in an effort to reduce air pollution caused by power generation.

Epson America, Inc. Limited Warranty

What Is Covered: Epson America, Inc. ("Epson") warrants to the first retail purchaser that the EPSON product covered by this limited warranty statement, if purchased and used in the United States or Canada, conforms to the manufacturer's specifications and will be free from defects in workmanship and materials for a period of one (1) year from the date of original purchase. Epson also warrants that the consumable ink cartridges enclosed with the product will perform to the manufacturer's specified usage, which usage may expire before the expiration of the limited warranty for the EPSON product. For warranty service, you must provide proof of the date of original purchase.

What Epson Will Do To Correct Problems: Should your EPSON product prove defective during the warranty period, please call the EPSON Connection℠ at (562) 276-4382 (U.S.) or (905) 709-3839 (Canada) for warranty repair instructions and return authorization. An Epson service technician will provide telephone diagnostic service to determine whether the product requires service. If service is needed, Epson will, at its option, exchange or repair the product without charge for parts or labor. If Epson authorizes an exchange for the defective unit, Epson will ship a replacement product to you, freight prepaid, so long as you use an address in Canada or the U.S. (excluding Puerto Rico and U.S. Possessions). Shipments to other locations will be made freight collect. You are responsible for securely packaging the defective unit and returning it to Epson within five (5) working days of receipt of the replacement. Epson requires a debit or a credit card number to secure the cost of the replacement product in the event that you fail to return the defective one. If your product is being repaired, Epson will direct you to send your product to Epson or its authorized service center, where the product will be fixed and sent back to you. You are responsible for packing the product and for all costs to and from the Epson authorized service center. When warranty service involves the exchange of the product or a part, the item replaced becomes Epson property. The replacement product or part may be new or refurbished to the Epson standard of quality, and, at Epson's option, may be another model of like kind and quality. Epson's liability for replacement of the covered product will not exceed the original retail selling price of the covered product. Exchange products and parts assume the remaining warranty period of your original product covered by this limited warranty.

What This Warranty Does Not Cover: This warranty covers only normal use in the United States and Canada. This warranty is not transferable and will not apply to products purchased from an end user. This warranty does not cover any color change or fading of prints or reimbursement of materials or services required for reprinting. This warranty does not cover damage to the EPSON product caused by parts or supplies not manufactured, distributed or certified by Epson. This warranty does not cover ribbons, ink cartridges or third party parts, components, or peripheral devices added to the EPSON product after its shipment from Epson, e.g., dealer or user-added boards or components. Epson is not responsible for warranty service should the Epson label or logo or the rating

label or serial number be removed or should the product fail to be properly maintained or fail to function properly as a result of misuse, abuse, improper installation, neglect, improper shipping, damage caused by disasters such as fire, flood, and lightning, improper electrical current, software problems, interaction with non-Epson products, or service other than by an Epson Authorized Servicer. If a claimed defect cannot be identified or reproduced, you will be held responsible for the costs incurred.

THE WARRANTY AND REMEDY PROVIDED ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER EXPRESS OR IMPLIED WARRANTIES INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT OR FITNESS FOR A PARTICULAR PURPOSE. SOME LAWS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES. IF THESE LAWS APPLY, THEN ALL EXPRESS AND IMPLIED WARRANTIES ARE LIMITED TO THE WARRANTY PERIOD IDENTIFIED ABOVE. UNLESS STATED HEREIN, ANY STATEMENT OR REPRESENTATIONS MADE BY ANY OTHER PERSON OR FIRM ARE VOID. EXCEPT AS PROVIDED IN THIS WRITTEN WARRANTY, NEITHER EPSON AMERICA, INC. NOR ITS AFFILIATES SHALL BE LIABLE FOR ANY LOSS, INCONVENIENCE, OR DAMAGE, INCLUDING DIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, RESULTING FROM THE USE OR INABILITY TO USE THE EPSON PRODUCT, WHETHER RESULTING FROM BREACH OF WARRANTY OR ANY OTHER LEGAL THEORY.

In Canada, warranties include both warranties and conditions.

Some jurisdictions do not allow limitations on how long an implied warranty lasts, and some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you. This warranty gives you specific legal rights and you may have other rights which vary from jurisdiction to jurisdiction.
