1 Unpack

Caution: Do not open ink cartridge packages until you are ready to install the ink. Cartridges are vacuum packed to maintain reliability.

Remove all protective materials, including from inside the printer.

2 Turn on and adjust

1 Raise the paper support, then connect the power cord to the back of the printer and to an electrical outlet.

Caution: Do not connect to your computer yet.

2 Raise the control panel, then press the power button.

Note: If you want to lower the control panel, squeeze the release bar underneath.

Caution: Do not lower the control panel without first squeezing the release bar underneath or you may damage the product.

3 Select language

To select English as your language, press OK.

If you want to change the language, press ▲ or ▼ to select it, then press OK.

Note: You can change the language later using the product’s control panel. For more information, see the online User’s Guide.

4 Install ink cartridges

Note: Don’t load paper yet.

1 Lift up the scanner unit, and wait until the ink cartridge holder stops moving.

2 Shake the ink cartridges gently 4 or 5 times, then unpack them.

3 Remove only the yellow tape from each cartridge.

Caution: Don’t remove any other seals or the cartridges may leak.

4 Insert the cartridges in the holder for each color, and press each cartridge down until it clicks.

5 Load paper

1 Flip the feeder guard forward.

2 Raise the paper support, if necessary. Then pull up the extension and tilt it back slightly.

3 Pull out the output tray, then raise the paper stopper.

5 Lower the scanner unit.

6 Press OK to prime the ink delivery system. Priming takes about 4 minutes.

Note: Your printer ships with full cartridges and part of the ink from the first cartridges is used for priming the printer.

Caution: Don’t turn off the printer while it is priming or you’ll waste ink.

7 When you see this menu on your product’s LCD screen, do not press any buttons yet. Continue with the instructions in the following sections.

6 Slide the edge guide to the left.

5 Load paper against the right edge guide and behind the tab line on the left edge guide, with the printable side faceup.

8½ × 11 inch (216 × 279 mm)

4 × 6 inch (102 × 152 mm)

Note: Don’t load the paper sideways; always load it short edge first.

7 Flip the feeder guard back.

Caution: Do not lower the control panel without first squeezing the release bar underneath or you may damage the product.

Note: Don’t load the paper sideways; always load it short edge first.

3 Pull out the output tray, then raise the paper stopper.

4 Slide the edge guide to the left.

5 Load paper against the right edge guide and behind the tab line on the left edge guide, with the printable side faceup.

6 Slide the edge guide over, against the left edge of the paper.

7 Flip the feeder guard back.

Note: Don’t load paper sideways; always load it short edge first.
6 Install software

Note: If your computer does not have a CD/DVD drive, you can download the software from the Epson website. See “Epson technical support.”

Caution: Be sure to close your other programs, including any screen savers and virus protection software, before beginning this software installation.

1 Make sure the printer is NOT CONNECTED to your computer.

Windows: If you see a Found New Hardware screen, click Cancel and disconnect the USB cable. You can’t install your software that way.

2 Insert the product CD.

3 Windows: If you see the AutoPlay window, click Run Setup.exe. If you see the User Account Control screen, click Yes or Continue.

Mac OS X: Double-click the Epson icon, if necessary.

4 Click Install (Windows) or Continue (Mac OS X) and follow the instructions on your computer screen.

5 When you see the Select Your Connection screen, check the “Connection options” section on this sheet for more information.

Choose your connection. Then click Next (Windows) or Continue (Mac OS X) and follow the instructions on your computer screen.

Connection options

Wireless Connection
You must install the software on every computer from which you want to print. For the first installation, we recommend using a USB cable (not included) to simplify wireless setup. After the printer is connected to the network, you will be prompted to remove the cable.

If you’re using Mac OS X 10.6 or 10.7, or you don’t have a USB cable, you will need to use the buttons on the printer to select wireless settings. Follow the instructions on your computer screen during software installation; they will explain how to connect the printer wirelessly this way.

Make sure you know your network name (SSID) and network password:
• Network name ________________________________
• Network password ________________________________

If you don’t have this information, contact the person who set up your network.

Direct USB Connection
Make sure you have a USB cable (not included).

Any problems?

If you experience problems during setup, see below:

Network setup was unsuccessful.
• Make sure you select the right network name (SSID).
• If you see a firewall alert message, click Unblock or Allow to let setup continue.
• If your network has security enabled, make sure you enter your network password (WEP key or WPA passphrase) correctly. If it has uppercase (ABC), lowercase (abc) letters, or symbols (!#%@), make sure you enter them correctly.

Press A, B, C, or D on the printer to highlight a character or function button. Press OK to select it.

Passwords must be entered in the correct case. Use the function buttons to select uppercase (AB12), lowercase (ab12), symbols (Symbol), or spaces (Space), and to delete characters (—). When you’re finished, highlight Done and press OK.

The printer’s screen is dark.
Press any button to wake your product from sleep mode.

Setup is unable to find my printer after connecting it with a USB cable.
Make sure it is securely connected as shown:

Any questions?

Quick Guide
Basic instructions for copying, printing, scanning, and troubleshooting.

User’s Guide
Click the icon on your desktop (or in the Applications/Epson Software/Guide folder in Mac OS X) to access the online User’s Guide, software downloads, Epson Supplies Central®, and more (requires an Internet connection). If you don’t have a User’s Guide icon, you can install it from the CD or go to the Epson website (see “Epson technical support”).

On-screen help with your software
Select Help or ? when you’re using your software.

Epson technical support
Visit epson.com/support (U.S.) or epson.ca/support (Canada) where you can download drivers, view manuals, get FAQs, or e-mail Epson.

You may also speak with a support specialist by calling:
• U.S.: (562) 276-4382, 6 AM to 8 PM, Pacific Time, Monday through Friday, and 7 AM to 4 PM, Pacific Time, Saturday
• Canada: (905) 709-3839, 6 AM to 8 PM, Pacific Time, Monday through Friday

Days and hours of support are subject to change without notice. Toll or long distance charges may apply.

Recycling
Epson offers a recycling program for end of life hardware and ink cartridges. Please go to www.epson.com/recycle for information on how to return your products for proper disposal.

Need paper and ink?

Try Epson paper with DURABrite Ultra ink for professional results. For the right supplies at the right time, you can purchase them at Epson Supplies Central at www.epson.com/ink3 (U.S. sales) or www.epson.ca (Canadian sales). You can also purchase supplies from an Epson authorized reseller. To find the nearest one, call 800-GO-EPSON (800-463-7766).

Genuine Epson paper
Epson offers a wide variety of papers to meet your needs; visit Epson Supplies Central for more information.

Premium Presentation Paper Matte
Heavyweight, non-glare card stocks for school and business projects plus photos.
