Unpack

Caution: Do not open ink cartridge packages until you are ready to install the ink. Cartridges are vacuum packed to maintain reliability. Remove all protective materials.

Turn on and adjust

1 Connect the power cable.

Caution: Do not connect to your computer yet.

2 Press the On button, then raise the control panel.

To lower the control panel, press the release bar underneath and push the control panel down.

Caution: To avoid damaging your Epson Stylus NX620/625 Series, always press the release bar to lower the control panel.

Select language

To select English as your language, press OK.

Notes: If you want to change the language, press ▲ or ▼ to select it, then press OK.

Install ink cartridges

1 Lift up the scanner, then open the cartridge cover.

2 Shake the ink cartridges gently 4 or 5 times, then unpack them.

3 Remove only the yellow tape from each cartridge.

Caution: Don’t remove any other seals or the cartridges may leak.

Insert the cartridges in the holder for each color.

Press each cartridge down until it clicks.

Close the cartridge cover. Press down until it clicks. Then lower the scanner.

Wait while the ink delivery system primes. Priming takes about 5 minutes.

Notes: Your printer ships with full cartridges and part of the ink from the first cartridges is used for priming the printer.

Caution: Don’t turn off the printer while it is priming or you’ll waste ink.

Load paper

1 Pull out the paper cassette.

2 Slide the edge guides to the sides of the cassette.

Note: The paper may slide forward slightly as you insert the cassette. This is normal.

3 Slide the edge guide to your paper size.

4 Load paper against the edge guide, with the glossy or printable side face-down.

Note: Make sure the paper is loaded against the edge guide and not sticking out from the end of the cassette.

5 Press each cartridge down until it clicks.

6 Close the cartridge cover. Press down until it clicks. Then lower the scanner.

7 Extend the output tray and flip up the paper stopper.

Note: The paper may slide forward slightly as you insert the cassette. This is normal.
Read these instructions before using your product.

1 Unpack

- French control panel stickers
- Power cord

Caution: Do not open ink cartridge packages until you are ready to install the ink. Cartridges are vacuum packed to maintain reliability. Remove all protective materials.

2 Turn on and adjust

1 Connect the power cable.

Caution: Do not connect to your computer yet.

2 Press the On button, then raise the control panel.

Caution: Do not remove any other seals or the cartridges may leak.

3 Slide the edge guide to your paper size.

4 Insert the cartridges in the holder for each color.

5 Press each cartridge down until it clicks.

3 Select language

To select English as your language, press OK.

Notes: If you want to change the language, press ▲ or ▼ to select it, then press OK.

4 Install ink cartridges

1 Lift up the scanner, then open the cartridge cover.

2 Shake the ink cartridges gently 4 or 5 times, then unpack them.

Caution: Do not turn off the printer while it is priming or you'll waste ink.

3 Remove only the yellow tape from each cartridge.

7 Wait while the ink delivery system primes. Priming takes about 5 minutes.

Notes: Your printer ships with full cartridges and part of the ink from the first cartridges is used for priming the printer.

Caution: Don't remove any other seals or the cartridges may leak.

4 Load paper

1 Pull out the paper cassette.

5 Load paper

2 Slide the edge guides to the sides of the cassette.

6 Keep the cassette flat as you insert it.

Notes: The paper may slide forward slightly as you insert the cassette. This is normal.

7 Extend the output tray and flip up the paper stopper.
Choose your connection

You can connect your printer to your existing network (wireless or wired) or directly to your computer using a USB cable (not included). See below for details on each connection method.

Wireless Connection

You must install the software on every computer from which you want to print. For the first installation, we recommend using a USB cable (not included) to simplify wireless setup. After the printer is connected to the network, you will be prompted to remove the cable.

If you’re using Mac OS® X 10.6 or don’t have a USB cable, you will need to use the settings on the printer to select wireless settings.

Make sure you know your network name (SSID) and network password:

- Network name
- Network password

If you don’t have this information, contact the person who set up your network.

Direct USB Connection

Make sure you have a USB cable (not included). Do not connect your network.

Wired Ethernet® Connection

Make sure you have an Ethernet network cable (not included). You must install the software on every computer from which you want to print.

Install software

1. Make sure the printer is NOT CONNECTED to your computer.

   Windows®: If you see a Found New Hardware screen, click Cancel and disconnect the USB cable. You can’t install your software that way.

2. Insert the product CD.

   Macintosh®: Double-click the Epson icon, if necessary.

3. Click Install and follow the on-screen instructions.

On-screen help with your software

Select Help or ? when you’re using your software.

Epson Technical Support

Visit epson.com/support (U.S.) or epson.ca/support (Canada) where you can download drivers, view manuals, get FAQs, or e-mail Epson.

You may also speak with a support specialist by calling (SCE) 276-4382 (U.S.), 6 AM to 8 PM, Pacific Time, Monday through Friday, and 7 AM to 4 PM, Pacific Time, Saturday or (905) 709-3839 (Canada), 6 AM to 6 PM, Pacific Time, Monday through Friday.

Days and hours of support are subject to change without notice. Toll or long distance charges may apply.

Any questions?

Quick Guide

Basic instructions for copying, printing, scanning, and network setup.

User’s Guide

Click the desktop shortcut to access the online User’s Guide, software downloads, Epson Supplies Central®, and more (requires an Internet connection).

Any problems?

If you experience problems during setup, see below:

Network setup was unsuccessful.

- Make sure you select the right network name.
- If you see a firewall alert message, click Unblock or Allow to let setup continue.
- If your network has security enabled, make sure you enter your network password (WEP key or WPA passphrase) correctly. If it has uppercase (ABC) or lowercase (abc) letters, make sure you enter them correctly.

Function buttons

Press ▲, ▼, ◀ or ◁ on the printer to highlight a letter or function button on the screen. Press OK to select it.

Use the function buttons to select uppercase (AB12), lowercase (ab12), symbols (®©®)(®©®), or spaces ( ), or to delete characters (→→).

When you’re finished, highlight Done and press OK.

You see error messages on the printer’s LCD screen. See your Quick Guide for troubleshooting information.

Setup is unable to find my printer after connecting it with a USB cable.

Make sure it is securely connected as shown:

Need paper and ink?

Try Epson paper with DURABrite® Ultra ink for professional results. For the right supplies at the right time, you can purchase them at Epson Supplies Central at www.epson.com/ink (U.S. sales) or www.epson.ca (Canadian sales). You can also purchase supplies from an Epson authorized reseller. To find the nearest one, call 800-GO-EPSON (800-463-7766).

Epson offers a wide variety of papers to meet your needs; visit Epson Supplies Central for more information.

Premium Presentation Paper Matte

Heavy weight, non-glare card stock for school and business projects plus photos.

Genuine Epson Paper
