

Print precious moments with quality and ease!

Product Summary

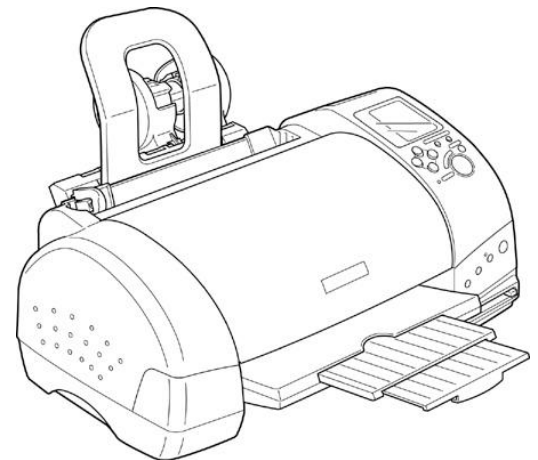

Feature	Customer advantage
Convenient photo printing with or without a computer	Built-in card reader supports popular digital camera memory cards, and full-featured control panel allows you to select a variety of printing functions right on the printer.
Ultra fast print speeds	Prints a 4 x 6 inch color photo in just 54 seconds and black text at approximately 8 ppm. ¹
BorderFree™ and continuous snapshot photo printing	EPSON's new BorderFree printing prints to all four sides of 4 x 6 inch, 5 x 7 inch, and 8 x 10 inch, and Letter-sized media – no trimming or perforations.
2880 x 720 dpi PerfectPicture printing with lightfast ² media	With the combination of EPSON core technology, plus photographically superior six-color inks, and 4-picoliter Variable Sized Droplet Technology this printer produces prints that are virtually indistinguishable from 35mm photo lab prints (when using EPSON photo inks and EPSON photo papers.)

- Black ink cartridge, Product Code **T007201**
- Color ink cartridge, Product Code **T008201**

¹ Black text is Economy Mode on plain paper. Color photo is in fine Mode on EPSON Photo paper. Additional processing time on the computer may vary based on system configuration, software application, and page complexity.

² Lightfastness rated up to 20 years, based on accelerated testing of prints on EPSON Matte paper—Heavyweight, displayed indoors, under glass. Actual print stability will vary according to image, display conditions, light intensity, humidity, and atmospheric conditions. EPSON does not guarantee longevity of prints. For maximum print life, display all prints under glass or laminations or properly store them.
