EPSON PowerLite® 7600p
The high-value portable that doesn’t sacrifice performance.

At Epson, we’re committed to bringing you quality, reliability, and user-friendly solutions. With the EPSON PowerLite 7600p, we’ve gone one step further! This portable XGA projector offers remarkable performance at a value you’re sure to love. Weighing less than 15 lb, it boasts an incredible 2200 lumens and award-winning technology for bright, vivid colors and well-defined images. You already know us for printers that deliver world class image quality. And, you’ve probably used our innovative LCD technology in cell phones, PDAs, and camcorders. What you might not know is that Epson is also a world leader in LCD projector technology, which means you get superior images every time you present. As an added benefit, the EPSON PowerLite 7700p operates at a remarkably quiet 38db, so your audience is sure to hear every word you say. And, with multiple input capabilities, you’ll have the flexibility to present from a variety of sources.

Brilliant images you’ve come to expect and worry-free operation you can count on—it’s all within reach with the high-value EPSON PowerLite 7600p.
