Deliver brilliant presentations, at home or in the office, with the affordable Epson VS200 multimedia projector. Powered by Epson’s advanced 3LCD, 3-chip technology, the VS200 produces vibrant, lifelike images that capture and hold your audience’s attention. The VS200 generates 2300 lumens of color light output and 2300 lumens of white light output¹ for bright presentations in any setting. Productivity-enhancing features include a portable design and USB Plug ‘n Play connectivity for instant projection from your PC or Mac® using a standard USB cable. Get value and performance with the Epson VS200 projector.

**Bright, colorful presentations** — native SVGA (800 x 600) resolution and 2300 lumens color/white light output¹

**Proven reliability** — 3LCD, 3-chip technology
The best-selling projectors in the world.

Epson offers a wide range of high-quality projectors to meet almost any need. Built with image quality and reliability in mind, Epson projectors enhance communication and inspire collaboration, while offering a low total cost of ownership. From ultraportable projectors designed for educational settings to boardroom-ready business projectors, Epson has the model made for you.

3LCD technology — for quality and color that’s beyond amazing

Innovative technology with proven reliability

- 3 chips for true-to-life color
- 25% less electricity required per lumen of brightness when compared to 1-chip DLP projectors
- Road-tested reliability from a company with over 20 years of experience

Energy-efficient E-TORL® lamp, exclusively from Epson

- Long lamp life lasts up to 5000 hours
- Minimizes both light diffraction and light leakage
- E-TORL lamps maximize your presentation time, while minimizing your costs

Eco Features

- Energy-efficient 3LCD light engine
- Energy-efficient E-TORL lamp
- Designed to be recycled
- RoHS compliant
- Epson America, Inc. is a SmartWay Transport Partner
USB Plug 'n Play instant setup
• No more computer function keys or bulky VGA cables
• Just plug in a standard USB cable and instantly project from your PC or Mac
• Instantly view your images on both the screen and your computer; one standard USB cable does it all
• This USB connection also enables you to maintain control over your presentation with the page up/page down function on the remote control

Fast, easy setup and control
• Instant Off® — no cool-down time required, so it’s ready to shut down when you are
• A/V Mute Slide — control your presentation; it’s right at your fingertips
• Sleep Mode — set from 1 to 30 minutes to save energy when the A/V Mute Slide is closed or no signal is detected
• 1.35x optical zoom — offers great positioning flexibility
• Direct Power On/Off — power the projector on and off with the flip of a wall switch

Amazing light output
• 2300 lumens color light output and 2300 lumens white light output1
• High color light output for bright, balanced, colorful images
• White light output that’s measured using ISO 21118 (a more rigid standard than the outdated ANSI lumens rating used by competitive products)

Epson VS200 Features
• Rich, true-to-life color and reliable performance — 3LCD, 3-chip technology
• Amazing image quality — native SVGA (800 x 600) resolution, supports input up to 1400 x 1050; up to 2000:1 contrast ratio
• USB Plug ‘n Play instant setup — instantly projects images from a PC or Mac via a USB connection
• Super bright and colorful — 2300 lumens color light output, 2300 lumens white light output
• Quick, convenient control — Instant Off/On, Sleep Mode (A/V Mute), Direct Power Off/On
• The ultimate in portability — compact, lightweight design; included remote control
• Energy-efficient E-TORL lamp — up to 5000-hour lamp life3
• Filters to protect your investment — with easy side access for hassle-free maintenance

Brilliant image quality and detail
Resolution defines the level of detail and depth you’ll see in a projected image. It’s measured as the number of pixels wide by the number of pixels high. The more pixels, the better the image quality.
