

**WIDEST**  
PRINTING  
AND SCANNING

## WorkForce<sup>®</sup> WF-7520

Wide-format | Print | Copy | Scan | Fax |  
Ethernet | Wi-Fi<sup>®</sup>

### ENGINEERED FOR BUSINESS

- **Don't compromise, see your layout in wide-format** — print single- or two-sided design layouts, spreadsheets and drawings up to 13" x 19"
- **Large, 11" x 17" scanbed** — no stitching software required
- **World's Fastest print speeds in its class<sup>1</sup>** — ideal for busy workgroups and saves time
- **Professional quality color** — print attention-getting marketing materials or presentations that exceed your clients' expectations
- **Two paper trays, 500-sheet total paper capacity** — store two different sizes of paper; ready to print at all times
- **Save 40% on color printing** — high quality professional prints at a lower cost vs. color laser prints<sup>2</sup>
- **Save 50% on paper** — built-in Automatic Document Feeder for easy, two-sided printing, copying, scanning and faxing
- **Built-in networking** — easily connect and share with others in your workgroup via wireless or wired networking<sup>3</sup>
- **Change cartridges less often** — print about two reams of paper at a time with included Extra High-capacity ink cartridges<sup>4</sup>
- **EPSON Connect<sup>™</sup>** — print directly from your smartphone, iPhone<sup>®</sup>, tablet or other mobile device, plus print remotely from any device that can e-mail; also compatible with Apple<sup>®</sup> AirPrint<sup>™</sup> and Google Cloud Print<sup>™ 5</sup>

| ECO FEATURES  |   |
| <ul style="list-style-type: none"> <li>• Uses up to 70% less power than laser printers<sup>12</sup></li> <li>• Save up to 50% of your paper supply with automatic, two-sided printing</li> <li>• ENERGY STAR qualified</li> </ul> | <ul style="list-style-type: none"> <li>• RoHS compliant</li> <li>• Recyclable product<sup>13</sup></li> <li>• Epson America, Inc. is a SmartWay<sup>SM</sup> Transport Partner<sup>14</sup></li> </ul>  |

† ISO ppm is based on ISO 24734. Black and color print speeds are determined in default, single-side mode, in accordance with ISO/IEC 24734. Black and color two-sided print speeds are determined in two-sided mode, in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. See [www.epson.com/printspeed](http://www.epson.com/printspeed) for details, including complete ISO reports.

†† Black and color copy speeds (cpm) are determined in default, single-side mode, in accordance with ISO/IEC 29183. Actual copy times will vary based on system configuration and page complexity. See [www.epson.com/copyspeed](http://www.epson.com/copyspeed) for details.

1 Fastest in its class; printing black text in default, single-side mode, or two-sided mode, in accordance with ISO/IEC 24734. Compared to wide-format inkjet all-in-ones priced at \$299 or less, as of January 2011, based on manufacturers' rated ISO print speeds or independent testing.

2 Compared with best-selling color laser all-in-ones priced at \$499 or less, as of December 2011. Calculation based on continuous printing with highest-capacity cartridges. Actual savings will vary based on print task and use conditions.

3 Wi-Fi 802.11 b/g/n certified; level of performance subject to the range of the router being used. Visit [www.wi-fi.org/files/11basics\\_glossary.pdf](http://www.wi-fi.org/files/11basics_glossary.pdf) for more information.

4 Get about two times more prints per cartridge compared with Epson's 126 Black ink cartridge.

5 See [www.epson.com/connect](http://www.epson.com/connect) regarding compatible devices and apps.

6 For sending faxes only.

7 Adapter may be required. See [www.epson.com](http://www.epson.com) for a full list of memory card compatibility.

8 Some applications and/or functions may not be supported under Mac OS X.

9 Only printing is supported under Windows Server OS; scanning and bundled applications are not supported.

10 Replacement cartridge yields are based on ISO/IEC 24711 tests in default mode printing continuously. Cartridge yields vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and all-in-one maintenance, and all colors have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer startup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal. For details, see [www.epson.com/cartridgeinfo](http://www.epson.com/cartridgeinfo)

11 Display permanence based on accelerated testing of prints displayed under glass in indoor display conditions; album permanence based on accelerated testing of prints in dark storage conditions. Actual print stability will vary according to media, printed image, display conditions, light intensity, temperature, humidity and atmospheric conditions. Epson does not guarantee the longevity of prints. For maximum print life, display all prints under glass or UV filter or properly store them.

12 Compared to the best-selling monochrome and color multifunction laser printers available for \$699 or less as of December 2010. Actual power savings will vary by product model and usage.

13 See our website for convenient and reasonable recycling options at [www.epson.com/recycle](http://www.epson.com/recycle)

14 SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.
