**Unpack**

1. Connect the power cord to the back of the printer and to an electrical outlet.
2. Press the power button.

**Caution:** Do not open ink cartridge packages until you are ready to install the ink. Cartridges are vacuum packed to maintain reliability.

Remove all tape and protective materials, including the foam and plastic inside the printer.

**Install ink cartridges**

1. Open the front cover.
2. Unpack the four ink cartridges.
3. Shake each cartridge as shown for about 5 seconds.
4. Install each cartridge in the correct slot for its color. Push each cartridge in until it clicks.
5. Close the front cover.

The printer starts priming the ink. This takes about 12 minutes. When the green power light stops flashing, priming is complete.

**Select settings**

1. To select English as your language, press OK. If you want to change the language, select it and press OK.
2. Select your country and press OK.
3. Select Summer if Daylight Saving Time is in effect (spring through summer); otherwise, select Winter. Press OK.
4. Select the date format and press OK.
5. Use the numeric keypad to set the date and press OK.
6. Select 12h (AM/PM) or 24h and press OK.
7. Use the numeric keypad to set the time and press OK.

**Load paper in the cassette**

You can load letter-, A4-, or legal-size plain paper in the cassette. For instructions on loading envelopes and special paper in the rear MP tray, see the online User’s Guide.

1. Pull out the paper cassette.
2. Slide the edge guides outward.
3. Insert the paper with the printable side facedown.

**Note:** Make sure the paper is loaded against the edge guide and not sticking out from the end of the cassette.

4. Slide the edge guides against the paper, but not too tight. Make sure the paper is under the tabs on the edge guides.

5. Gently insert the paper cassette at the bottom of the printer.

**Connect the fax line**

To fax, connect the included phone cord to a telephone wall jack and to the LINE port on the back of your product. To connect a telephone or answering machine, use the EXT. port on your product. See the Quick Guide for more details.

**Note:** If you’re connecting to a DSL phone line, you must use a DSL filter or you won’t be able to fax. Contact your DSL provider for the necessary filter.
1 Unpack

2 Turn on

3 Select settings

4 Install ink cartridges

5 Load paper in the cassette

6 Connect the fax line

Read these instructions before using your product.

Start Here
7 Install software

Note: If your computer does not have a CD/DVD drive, you can download the software from the Epson website (see “Epson technical support”).

Caution: Be sure to close your other programs, including any screen savers and virus protection software, before beginning this software installation.

1 Make sure the printer is NOT CONNECTED to your computer.

Windows: If you see a Found New Hardware screen, click Cancel and disconnect the USB cable. You can't install your software that way.

2 Insert your product CD.

3 Windows: If you see the AutoPlay window, click Run Setup.exe. If you see the User Account Control screen, click Yes or Continue.

Mac OS® X: Double-click the Epson icon.

4 Click Install (Windows) or Continue (Mac OS X) and follow the instructions on your computer screen.

5 When you see the Select Your Connection screen, check the “Connection options” section on this sheet for more information. Then click Next (Windows) or Continue (Mac OS X) and follow the instructions on your computer screen.

Connection options

Wireless connection
You must install the software on every computer from which you want to print. For the first installation, we recommend using a temporary USB cable connection to simplify wireless setup. After the printer is connected to the network, you will be prompted to remove the cable.

If you're using Mac OS X 10.6 or 10.7, or you don't have a USB cable, you will need to use the control panel on the printer to select wireless settings. Follow the instructions on your computer screen during software installation; they will explain how to connect the printer wirelessly this way.

Make sure you know your network name (SSID) and network password:

- Network name __________
- Network password __________

If you don't have this information, contact the person who set up your network.

Direct USB connection
Make sure you have a USB cable (not included). You must install the software on every computer from which you want to print.

Wired network connection
Make sure you have an Ethernet® network cable (not included). You must install the software on every computer from which you want to print.

Any problems?

If you experience problems during setup, see below:

The printer makes a loud noise and you see an error message when you turn it on.
Make sure you remove the protective foam and plastic from inside the printer.

Network setup was unsuccessful.
- Make sure you select the right network name.
- If you see a firewall alert message, click Unblock or Allow to let setup continue.
- If your network has security enabled, make sure you enter your network password (WEP key or WPA passphrase) correctly. If it has uppercase (ABC) or lowercase (abc) letters, make sure you enter them correctly.

Press 1, 2, 3, or 4 on the printer to highlight a letter or function button.
Press OK to select it.

Note: Passwords must be entered in the correct case. Use the function buttons to select uppercase (AB12), lowercase (ab12), symbols (®), or spaces, and to delete characters (”).

Highlight Done and press OK.

The printer’s screen is dark.
Press any button to wake the printer from sleep mode.

Setup is unable to find my printer after connecting it with a USB cable.
Make sure it is securely connected as shown:

Any questions?

Quick Guide
Basic instructions for copying, printing, faxing, scanning, and solving problems.

On-screen help with your software
Select Help or ? when you’re using your software.

User’s Guide
Click the icon on your desktop (or in the Applications/Epson Software/Guide folder in Mac OS X) to access the online User’s Guide, software downloads, Epson Supplies Central®, and more (requires an Internet connection). If you don’t have a User’s Guide icon, you can install it from the CD or go to the Epson website, as described below.

Epson technical support
Visit epson.com/support (U.S.) or epson.ca/support (Canada) where you can download drivers, view manuals, get FAQs, or e-mail Epson.

You may also speak with a support specialist by calling:
