1 Unpack and assemble

1 Remove all tape and protective materials, including the foam and plastic inside the printer.

2 Remove tape and protective materials from the second paper cassette, and install as shown.

2 Turn on

1 Connect the power cord to the back of the printer and to an electrical outlet.

2 Press the power button.

Caution: Do not connect to your computer yet.

3 Select settings

1 Select your language and country.
Touch the screen to select the desired option. Press ▼ or ▹ to see more countries.

2 Select Summer if Daylight Saving Time is in effect (spring through summer); otherwise select Winter.

3 Select the date format.

4 Use the numeric keypad to set the date, then press OK.

5 Select 12h (AM/PM) or 24h.

6 Use the numeric keypad to set the time, then press OK.

Note: You can change the date and time settings by pressing Setup, selecting Printer Setup, then selecting Date/Time.

4 Install ink cartridges

1 Open the front cover.

2 Unpack the four ink cartridges.

3 Shake each cartridge as shown for about 5 seconds.

4 Install each cartridge in the correct slot for its color. Push each cartridge in until it clicks.

5 Close the front cover.

The printer starts priming the ink. This takes about 12 minutes. When the green power light stops flashing, priming is complete.

Note: The included cartridges prime the printer and print about 1000 black pages/900 color pages. Actual page count will vary.

Caution: Don’t turn off the printer or open the cover while it is priming or you’ll waste ink.

5 Load paper in the cassettes

You can load letter-, A4-, or legal-size plain paper in the cassettes. For instructions on loading envelopes and special paper in the rear MP tray, see the online User’s Guide.

1 Pull out the desired paper cassette.

2 Slide the edge guides outward.

3 Insert the paper with the printable side facedown.

Note: Make sure the paper is loaded against the edge guide and not sticking out from the end of the cassette.

4 Slide the edge guides against the paper, but not too tight. Make sure the paper is under the tabs on the edge guides.

5 Gently insert the paper cassette at the bottom of the printer.

6 Extend the output tray and raise the paper stopper as shown. (Do not raise the paper stopper for legal-size paper.)
1 Unpack and assemble

1 Remove all tape and protective materials, including the foam and plastic inside the printer.

2 Remove tape and protective materials from the second paper cassette, and install as shown.

2 Turn on

1 Connect the power cord to the back of the printer and to an electrical outlet.

2 Press the power button.

Caution: Do not connect to your computer yet.

3 Select settings

1 Select your language and country.

Touch the screen to select the desired option. Press ← or → to see more countries.

2 Select Summer if Daylight Saving Time is in effect (spring through summer); otherwise select Winter.

3 Select the date format.

4 Use the numeric keypad to set the date, then press OK.

5 Select 12h (AM/PM) or 24h.

6 Use the numeric keypad to set the time, then press OK.

Note: You can change the date and time settings by pressing Setup, selecting Printer Setup, then selecting Date/Time.

4 Install ink cartridges

1 Open the front cover.

2 Unpack the four ink cartridges.

3 Shake each cartridge as shown for about 5 seconds.

4 Install each cartridge in the correct slot for its color. Push each cartridge in until it clicks.

5 Close the front cover.

Note: If loading legal-size paper, extend the cassette as shown.

6 When you see this menu on your product’s LCD screen, do not press any buttons yet. Continue with the instructions in the following sections to load paper into your product and install software.

5 Load paper in the cassettes

You can load letter-, A4-, or legal-size plain paper in the cassettes. For instructions on loading envelopes and special paper in the rear MP tray, see the online User’s Guide.

1 Pull out the desired paper cassette.

2 Slide the edge guides outward.

3 Insert the paper with the printable side facedown.

Note: Make sure the paper is loaded against the edge guide and not sticking out from the end of the cassette.

4 Slide the edge guides against the paper, but not too tight. Make sure the paper is under the tabs on the edge guides.

5 Gently insert the paper cassette at the bottom of the printer.

Note: The paper may slide forward slightly as you insert the cassette. This is normal.

6 Extend the output tray and raise the paper stopper as shown. (Do not raise the paper stopper for legal-size paper.)
Connect the fax line

To fax, connect the included phone cord to a telephone wall jack and to the LINE port on the back of your product. To connect a telephone or answering machine, use the EXT. port on your product. See the Quick Guide.

Install software

Note: If your computer does not have a CD/DVD drive, you can download the software from the Epson website (see “Epson technical support”).

Caution: Be sure to close your other programs, including any screen savers and virus protection software, before beginning this software installation.

1 Make sure the printer is NOT CONNECTED to your computer.

2 Insert your product CD.

3 Windows: If you see the AutoPlay window, click Run Setup.exe, or if you see the User Account Control screen, click Yes or Continue.

Mac OS X: Double-click the Epson icon.

4 Click Install (Windows) or Continue (Mac OS X) and follow the instructions on your computer screen.

Connection options

Wireless connection

You must install the software on every computer from which you want to print. For the first installation, we recommend using a temporary USB cable connection to simplify wireless setup. After the printer is connected to the network, you will be prompted to remove the cable.

If you’re using Mac OS X 10.6 or 10.7, or if you don’t have a USB cable, you will need to use the control panel on the printer to select wireless settings. Follow the instructions on your computer screen during software installation; they will explain how to connect the printer wirelessly this way.

Make sure you know your network name (SSID) and network password:

• Network name ______________________
• Network password ______________________

If you don’t have this information, contact the person who set up your network.

Direct USB connection

Make sure you have a USB cable (not included).

Wired network connection

Make sure you have an Ethernet® network cable (not included). You must install the software on every computer from which you want to print.

Any problems?

If you experience problems during setup, see below:

The printer makes a loud noise and you see an error message when you turn it on.

Make sure you remove the protective foam and plastic from inside the printer.

Network setup was unsuccessful.

• Make sure you select the right network name.
• If you see a firewall alert message, click Unblock or Allow to let setup continue.

5 When you see the Select Your Connection screen, check the “Connection options” section on this sheet for more information. Then click Next (Windows) or Continue (Mac OS X) and follow the instructions on your computer screen.

6 Connect the fax line

To fax, connect the included phone cord to a telephone wall jack and to the LINE port on the back of your product. To connect a telephone or answering machine, use the EXT. port on your product. See the Quick Guide.

7 Install software

Note: If you’re connecting to a DSL phone line, you must use a DSL filter or you won’t be able to fax. Contact your DSL provider for the necessary filter.

1 Make sure the printer is NOT CONNECTED to your computer.

2 Insert your product CD.

3 Windows: If you see the AutoPlay window, click Run Setup.exe, or if you see the User Account Control screen, click Yes or Continue.

Mac OS X: Double-click the Epson icon.

4 Click Install (Windows) or Continue (Mac OS X) and follow the instructions on your computer screen.

Make sure you remove the protective foam and plastic from inside the printer.

Network setup was unsuccessful.

• Make sure you select the right network name.
• If you see a firewall alert message, click Unblock or Allow to let setup continue.

• If your network has security enabled, make sure you enter your network password (WEP key or WPA passphrase) correctly. If it has uppercase (ABC) or lowercase (abc) letters, make sure you enter them correctly.

Press the touch screen buttons repeatedly to scroll through characters.

Press ◄ to move to the next character.

Press B to delete a character.

Press OK when done.

The printer’s screen is dark.

Press any button to wake the printer from sleep mode.

Setup is unable to find my printer after connecting it with a USB cable.

Make sure it is securely connected as shown:
